Simonses-4424 E Bellevue, #107 1 block N of Speedway, between Columbus and Swan.

MEETING PROGRAMS

SARA-- no program announced at present time
FWD-- Nate Schechter will discuss his role as Council Training Coordinator. The remainder of the meeting will be first a talk on how to search, especially with regard to a vehicle. We will begin to present the concepts put forward in the Search Management course, both in terms of the overall strategy of a search and also just what the searcher in the field is expected to do. Secondly, we as a group will discuss how to improve and implement these ideas in terms of FWD. We hope that everyone will attend this and future meetings where we will be discussing these ideas which are essential to the very nature of our group.

John Pedley Captain FWD

TRAINING ACTIVITIES

#1 Hauling and lowering systems, meet at TV & Sabino at 8:00Am, it will be held at the Tanque Verde Falls area.
#2 Trail familiarization, meet at TV and Sabino at 9:00Am, possibly in the Chiva Falls area.
#3 Trailheads, meet at the north end of Alvernon, 1:00PM. This is the first of series of opportunities to find common trailheads and see which path is which. Walking will be short and sweet. We will be examining the Finger rock and Pontatoc trailheads.

For those who are interested in ice skating, there will be a practice March 20th at Iceland Bowl. The bowl is located at Speedway and Sahara. The practice will run from 7:30Pm untill 9:00Pm, come on out and have some fun along with learning about ice rescue.

Name Change Only:

An "Introduction" is a short familiarization required of new field personnel. The "Orientation" is presently a two day session for new people, regardless of experience.

MEDICAL

Council medical standards for Nov!80 are replaced: effective immediately, A.R.C. "Standard First Aid & Personal Safety" (LECTURE) is the minimum medical requirement for a member of any component group to be eligible for field operations of the Council.

CALLOUTS:

Date	C#	Situation	people	Air

		Overdue 14yr hiker		
11 Feb 10		Pusch Pk	18	Dm, R29
		Found hiker, severely injured		

Newsletter news: next month this newsletter will (hopefully) go to an expanded format, containing 4 columns of type and a better type of print. I need items to fill the space opening up. Any comments, suggestions are greatly welcome. Also, if you are responsible for a program, training, ect. Please get me the information. The deadline for insertion is the Friday following the Council Meeting.
