### SARCI BOARD MEETINGS

by Mykle Raymond, [sarnews@sarci.org](mailto:sarnews@sarci.org)

The SARCI Board meetings are held on the third Wednesday of January, April, July, and October.

### CRAYCROFT ROAD UPDATE

by Mykle Raymond, [sarnews@sarci.org](mailto:sarnews@sarci.org)

The Craycroft Road widening project was expected to close the Craycroft entrance to the SARA House for several weeks while the driveway is reconstructed with a wash crossing. However, an adjacent bypass was constructed, so watch for changes in routing. Eventually, the River Road entrance is expected to close permanently. While it remains open, we strongly recommend NO LEFT TURNS either from or to River Road, while you are very cautious of the major intersection nearby at River and Craycroft.

### **SARA TRAINING**

by Brian Duffy, [bduffy@email.arizona.edu](mailto:bduffy@email.arizona.edu)

#### Review of May Training

The monthly training for May was Swift Water Rescue. Richard Kunz led a class of SARA Volunteers and Pima County Sheriff Deputies all the way to Winkelman to find flowing water! The training was featured on the front page of the Daily Star

#### June Monthly training

Summer is just around the corner and with it comes sunshine, high temperatures and a need to carry more water in your packs. But how much is enough? How do I minimize how much I sweat? What do I need in my pack during the summer? What kind of resources will I find in the Mexican Oak biome/Life zone? How do I find water? And do desert stills really work?

The Desert Survival Training will answer all those question and more. This training will consist of a classroom session and a field session conducted on separate dates and times. All members are welcomed.

#### Desert Survival field session

Date: Saturday, June 3<sup>rd</sup>

Rendezvous: TBA

Target Audience: All members and candidates who think they might go out in the desert this summer!

#### July Monthly training

## CALLOUT REVIEWS

by Mykle Raymond, [sarnews@sarci2.org](mailto:sarnews@sarci2.org)

<i>Call</i>	<i>Date</i>	<i># Hrs</i>	<i>Problem</i>	<i>Location</i>	<i>Resources</i>
6.039	060429 Sat	9 14	2 hikers exhausted, off trail	Pusch Pk, Catalinas	TucsonRanger
18:22 – 20:29 Two teens missed the trail down from the top of Pusch Peak, and headed down to the north until cliffed out. They were out of water and the sun was low, so they called home for help. Ranger was busy in Charouleau Gap, so teams started up trail and up towards the saddle below the hikers. Ranger finished about dark, plucked the pair from the peak and quickly deposited them near the trailhead.					
6.040	060506 Sat	12 77	49ym missing, suicidal	Box Camp Trail, Catalinas	TucsonRanger
(19:34) 07:00 – 13:05 A motorcycle had been at the trailhead for several days, and was found by family looking for the missing male. Teams were covering the first mile of the ridge along the trail when Ranger spotted the subject on the slope into Spencer Canyon. The recovery was straightforward, a short distance down the slope to the Spencer Canyon Road.					
6.041	060511 Thu	7 15	11yf missing, mental problems	Overton & Shannon	Survey1
01:23 – 03:00 A girl occasionally ran away from home, but was usually found nearby at a residence or under a tree. The initial search didn't locate her this time, and open desert areas were nearby, so we were asked to help. Nearby businesses had been alerted, and she was reported seen about a mile away and was quickly returned home.					
6.042	060514 Sun	5 5	80yf missing	Country Club & Bilby	
15:33 – 16:09 A woman was missing from a residence after going for a walk. No air support was available, so we were asked to help cover open desert and industrial business areas. She was picked up by a good Samaritan who tried to help her find the people she was visiting, but only knew the last name. They visited one house associated with that name, then managed to contact the correct family and was quickly retrieved.					
6.043	060516 Tue	14 20	36yf hiker exhausted	New/old trail, Sabino Canyon	RMFD
15:51 – 17:47 A woman became exhausted while hiking in Sabino Canyon. She was treated and carried a short distance down the recently rehabilitated historical trail above the last stream crossing on the road.					
6.044	060520 Sat	15 82	53ym hiker exhausted	Lemmon Rock Trail	MLFD USFS
13:08 – 18:12 A hiker was unable to climb the Lemmon Rock Trail, and help was requested. He was treated, then walked down to the Wilderness of Rocks Trail, then towards Marshall Saddle until meeting Bonnie the Mule who gave him a ride to the trailhead.
