### SABINO HOUSE PARKING

by SARNews, [sarnews@sarci.org](mailto:sarnews@sarci.org)

SARA has been issued a Special Use Permit for the Sabino House (formerly known as the Rod and Gun Club). The road to the area is posted "805", so we may refer to it by that name as well.

The Assistant District Ranger has requested that, whenever possible, we park our vehicles on the 805 road instead of outside the Administrative Gate. And during construction, we will need to use extra care when parking outside of the gate. The vegetation is making the 805 road narrower, so we will need to be more careful to park so room is available for passing (large) vehicles, and this means parking on the right side as you drive in.

Later, our parking will move into the Sabino House area and leave the 805 road clear. If you are going to drive into the canyon, please be sensitive to people who may need rides from the parking area.

### NEW SARA POLICIES

by SARA Board of Directors, [SARABoard@sarci2.org](mailto:SARABoard@sarci2.org)

After a multi-year effort, we are ready to adopt a formal Policies document that includes all of the Membership Policies. We have gathered together the policies from the past, organized them and brought them up to date. Everything has been combined into a single document as the Bylaws prescribe. The final draft is available on the SARAdocs website and there will also be a printed copy available at the SARA House posted by the Board minutes. We will take time at the January regular meeting to discuss these changes. The proposed changes to the Membership Policy are being published in this issue of SARNEWS, per the existing amendment policy.

18:40 – 21:07 Two boys started late on a hike from Mt Lemmon to Catalina State Park. They reported by cellphone that they were no longer able to follow the trail after dark. Two other hikers reported seeing the boys above Romero Pools, and headed up trail to help. SAR teams and the helpful hikers found the boys at Romero Pools, and all hiked out without problems.					
8.098	Fri, 12 Dec	9 45	Hikers overdue	Box Camp Trail, Catalinas	Survey1
23:50 – 05:35 A male hiker and his 6y son intended to hike down the Box Camp Trail to Sabino Visitors Center. The boy was an experienced hiker, and the trip was a birthday present. The length of the trip was underestimated, and as usual, hikers manage to stay on the trail as it follows ridges down the mountain, then lose it when it turns west to Apache Spring. Teams started down and up the trail, with voice contact made from above the base of the trail with the pair along Palisades Canyon. All hiked out without problems.

21:10 – 22:10 Two hikers were separated and one requested help from the north end of the Loma Verde Trail, at the junction with the Shantz Trail. The Shantz runs along the park boundary from the end of Speedway all the way around to the Loop Road, so there are several places where the trail can be covered from roads in addition to several trailheads. As we arrived, the companion had reached a residence and was driven back to the end of Speedway. As teams started covering the trail, the second hiker reached the road and was quickly picked up.

08:00 – 14:29 A male was discovered missing from his residence on Saturday, from a rural area east of the Florence Hwy. Pinal teams searched on Saturday without success. Assistance was requested from the rest of the world, including the public. Pima teams arrived Sunday morning to find a very large organizational problem. We assisted with Incident Command (IC) and got our teams into the field, and were working on organizing other teams. A private aircraft was flying low over the area, and spotted the missing subject in a wash about 0.5miles from the residence. Our teams provided initial meds and helicopter support.
