### SARCI BOARD MEETINGS

by SARNews, [sarnews@sarci.org](mailto:sarnews@sarci.org)

The SARCI Board meetings are held on the third Wednesday of January, April, July, and October.

### SABINO CALLOUT PARKING AT THE NORTH END OF SABINO CANYON ROAD

by SARNews, [sarnews@sarci.org](mailto:sarnews@sarci.org)

Please park after the gate to the SARA House (on the WEST side of the road, or in one of the parking areas). If you are going to drive into the canyon, please be sensitive to people who may need rides from the parking area.

### STATE MISSION NUMBERS FOR TRAINING

by Sgt George Economidis, [George.Economidis@sheriff.pima.gov](mailto:George.Economidis@sheriff.pima.gov)

As a reminder, for the State to cover any of the SARCI group members in the event of damage or injury during training, there must be a "Mission Number" and it must be obtained before the training. Use your judgment. If the training is simply classroom, no mission number is needed. If the training is in the field or there is any risk of injury or damage, make sure you get a number. Please ensure that a SAR Officer is aware of the training, whether or not you intend to request a Mission Number.

You may contact me or any of the SAR Deputies to obtain a number. We will need the date and times (beginning and end) of the training, the lat/long and elevation, an approximate number of persons to receive the training and a synopsis of the training.

A SARCI member was injured recently during training. The injury required a number of surgeries. There was no mission number and the State would not touch it. Please help avoid any similar occurrences by calling us for a mission number. It's for your protection and coverage.

Report any injury, whether or not immediate medical attention is needed. Documenting the incident will preserve our options.

## PIMA CO. SEARCH & RECOVERY DIVERS

by Fran Kunz, 886-2216, [divers8@sarci2.org](mailto:divers8@sarci2.org)

### DIVERS CALENDAR

Jun 13    09:00 Sun            **Divers Training – Black Mtn Reservoir**            Meet: 08:30 at Valencia & Midvale Park

June's training will again be at Black Mtn Reservoir. We will work on setting patterns (which needed some work), communications, basic patterns and grid searches, rigging, ropes & knots and underwater signals. We plan to seed the search area with relevant objects.

Please inform the Board ([diversboard@SARCI2.org](mailto:diversboard@SARCI2.org)) if you will or will not be attending this monthly training as we must provide a list of attendees to CAP beforehand. Also, those living on the eastside, please meet at Kunzes at 0800 to load gear so we can meet the others at Midvale Park shopping center at 0830. We will then caravan to Black Mtn. Congratulations to Mike Schrantz who has been nominated "Rookie of the Year".

All SARCI members are welcome to attend any of our trainings. Please check the Event Calendar on our website ([www.sarci.org/SRDI.htm](http://www.sarci.org/SRDI.htm)) or call Vi Brown (762-0165) for training updates.

We had an excellent turnout for this year's Annual Circle and Field Skills Recertification! This year's event was run during night time hours, which made it very interesting. The fall opportunity will also be conducted during nighttime. We had about a 50% attendance at the first water circle skills recertification. Two dogs were recertified on water search and all people ran through boat set up, boat and kayak recovery, K9 recovery, problem set up, and all those skills essential for water work. We met with Cochise County Divers once again, but didn't have an opportunity to train with them – maybe next time. The weather was perfect and a lot of work was accomplished in a short amount of time.

Some of us just got back from a water search clinic sponsored by Sandia Search Dogs in Truth or Consequences, NM. The experience was outstanding. Clinic instructors were Stacie Burkhardt from Anchorage, AK, and Marty Williams from Fairbanks, AK. Stacie was a member of King County Search and Rescue unit in Washington and has worked with Marcia Koenig for a number of years. This clinic also presented an opportunity to work with the New Mexico State Police Dive Team. The K9 folks in NM are just beginning water search training and we wanted to see if there are new methods and ideas. What we found is that our basic training methods are the same, and we did get some new ideas for set-up equipment as well as some new land cadaver set ups. The folks in New Mexico are always generous and hospitable. Friendships were renewed, new acquaintances were made, and we now have connections with K9 folks from Fairbanks and Anchorage, Alaska (the clinic instructors).

NASAR SARTech II training and/or testing is available for those who are interested - contact Karen. The Colorado Search & Rescue Board has scheduled SARCON 2010 (bi-annual Search and Rescue Conference) for 15 - 18 July 10 at Western State College in Gunnison, CO. More information can be found at <http://www.sarcon.org>.

## PIMA CO. SHERIFF'S MOUNTED POSSE

by Jerry Simmons, [jerry @ simmonsautorepair.com](mailto:jerry@simmonsautorepair.com)

### POSSE CALENDAR

<u>Jun 10</u>	<u>19:00 Thu</u>	<b>Posse Board Meeting</b>	Substation 106, Tanque Verde and Catalina Hwy
<u>Jun 12</u>	<u>17:00 Sat</u>	<b>Posse Gymkhana</b>	Tanque Verde Stables, 11000 E Glenn
<u>Jun 24</u>	<u>19:00 Thu</u>	<b>Posse General Meeting</b>	Substation 106, Tanque Verde and Catalina Hwy

TRAINING:

May 22: The Posse would have had a line search at Alex Hodges at Rincon Creek Ranch. Line searches sound easy. Keep the line straight, pay attention to spacing and communicate. Never mind the trees, cactus, washes, cliffs. Takes practice to say the least.

May 29: We will be training at Prison Camp at 8am. Practice Medical skills, and training our animals at the same time.

As in the past our training standards have continued to improve. Before going into the field, refer to the check list in the red book and be sure you are prepared for any event. "WHINERS STAY HOME" per the Captain, George Herget.

SEARCH AND RESCUE:

Kind of quiet for the Posse. No panic. Summer is here, and it will pick up.

PARK PATROL:

More patrol going on. There are a lot of contacts with bike riders and hikers. Weather is nice early in the morning.

GYMKHANA:

More riders to fit into the same time slot. P/A system has to be turned off at 10pm. Had to adjust how we move people thru the events to make the time slot work. Pat Gallagher says "Thanks to all the Posse members who came and helped."

**PUBLIC RELATIONS:**

A Posse search and rescue presentation to Old Pueblo Business Association was held on May 5. Colleen Leon and Jerry S. handled that one. Lots of questions and note-taking. SARA has rescued one of the members and Dan McPhedran carried him out on Bonnie. Good audience.

On June 16, 2010 at 7am, Jerry, Colleen, Dan, Larry, George, Dave Brown and Vi Brown will conduct a open house at the New Southern Arizona Search and Rescue complex for the Members of Old Pueblo Business Association. This is a field trip for the association to show them what search and rescue is all about. It never hurts to have 49 businesspeople visit the complex. They will be bringing their spouses and kids. Don't panic. I have a plan and security. Simmons Ent., Inc. will make the room donation to SARA as discussed with Frances Walker and the Posse will handle security. I am also working with Ranger to see if I can get a showing. If I think I need more help from SARA members, I'm not bashful. Hoping the Sheriffs Dept. S&R will come also. As with any Posse function, I have the approval of Sgt. Economidis because we will be in uniform. So, I have the Posse S&R full dress, with trailers and animals, Dog Teams with Dogs and pictures to display. I know where the coffee pots are, thanks to Richard. Good to go. Will take pictures. Hopefully get them posted to the Posse's web Site: <http://www.PimaCountySheriffsPosse.org>.

Also coming up for P/R, Colleen and crew will be setting up a small education presentation of horse care and handling for Judy Glore's Lazy Bear Ranch that will run once per week for eight weeks. This will start in June and run through July. Planning is still in process.
