### **TECHNICAL SKILLS QUALIFICATION**

by Dale Mann, [dale1947sailor@gmail.com](mailto:dale1947sailor@gmail.com)

There has been some confusion about the new training requirement for field qualification. SARA is in the process of changing our technical rope rescue systems to use the Multi-Purpose Device (MPD), modify our selection of knots, and update our operational procedures. To allow for a transition period, last November the SARA Board extended the expiration date of existing field skills qualifications to December 31, 2014. As of January 1, 2015, this requirement will change to the new Technical Skills Qualification.

The initial technical skills training consists of two parts: a four-hour class given on a Wednesday night, and a six-hour field exercise on the following Saturday. The class must be taken before the field exercise. After December 31, 2014, this training will be required by the Pima County Sheriff's Department before a SARA Member may respond to a callout.

The field exercise portion of the training must be repeated at least every twelve months in order to maintain a Technical Skills Qualification; the classroom session is required only once. This applies to both Full Members and Candidates.

In SARA, voting privileges are determined by field qualifications. Only field-qualified Full Members are allowed to vote on matters that come before the membership, such as election to the Board of Directors or changes to the By-Laws. As of January 1, 2015, the requirements for field qualification will be: a Technical Skills Qualification, a current medical qualification including CPR, and completion of the required national and local NIMS courses.

In other words, a Full Member will not be eligible to vote after January 1, 2015, unless he or she is current on the required Technical Skills Qualification.

For the remainder of 2014, Technical Skills Training is scheduled for the following Wednesday/Saturday dates: April 23 and 26, July 23 and 26, and October 22 and 25. Please mark these dates on your calendars, plan to attend one of the sessions, and be thinking about your next recertification. For further information or questions, contact Dale Mann at [dale1947sailor@gmail.com](mailto:dale1947sailor@gmail.com) or at 444-4651.

### **MINI-TRAININGS**

by Dale Mann, [dale1947sailor@gmail.com](mailto:dale1947sailor@gmail.com)

We will have mini-trainings before the start of the general meetings in February. They will begin at 6:30 pm in the meeting room and will conclude by 7:30 pm. These trainings will concentrate on the new knots that we have adopted for rope and webbing. We will also practice rigging MPDs for those who have had the Technical Skills Training.

## WINTER SKILLS TRAINING

The Winter Skills Training is upcoming. Many of the details are still to be settled, as we await the arrival of "winter" ... hopefully before summer gets here. The classroom session (which is mandatory) is on Wednesday 29 January at the SARA House, starting at 18:30. Please bring your rescue pack and outdoor clothes as there may be a field activity. The field session is on Saturday 08 February. Rendezvous details are TBA, watch for an info page as the date gets closer. Remember this is an orange card sign-off, and an important practice for anyone who may respond to a call in the snow.

## 2014 FUNDRAISING RAFFLE

Jim Click has provided a 2014 Jeep Cherokee as a raffle prize. Charities across Tucson are selling tickets (up to 50,000 total). SARA keeps 100% of its ticket sales. Tickets are \$25 or 4 for \$100 and are for sale until 30 October.

by John Perchorowicz, [jmail@perchorowicz.com](mailto:jmail@perchorowicz.com)

If each SARA member would buy one (or more) and sell one (or more) we could easily raise several thousand dollars. Please see John Perchorowicz or Bill Florence for tickets. Thanks for all you do for SARA!

| <b>Thu Dec 26</b><br>17:45 07:10    | <u>8/</u> <u>88/</u>  | <b>3 mtn bikers lost</b><br>Three mountain-bike riders were riding from Mt.Lemmon to Catalina, and lost the trail near Walnut Spring. They continued downhill away from the trail after calling for help, then dropped their bikes and continued downhill. They were lightly dressed with minimal supplies for a very chilly night. A couple of teams started down trail while a Customs helo located the bikes, then the boys. Teams were approaching the area as a DMAFB helo arrived and extracted the boys by hoist, and delivered them to University Hospital for treatment of hypothermia. The teams returned to the top at dawn. One of the boys and his father hiked to the area the next weekend, retrieving a backpack (with car keys) and two of the bikes. A SAR team hiked to the area a couple of weeks later, retrieved the last bike, and were picked up in Charouleau Gap. | <b>Samaniego Ridge Trail, Catalinas</b>      | <b>Survey2 Customs DMAFB</b> |

With the help of another hiker, a sling was improvised, then the other hiker returned to his phone at the parking lot to request assistance.
