by SARNews, [sarcinewsletter @ sarci.org](mailto:sarcinewsletter@sarci.org)

SARCI Board meetings are held at the SARA House at 19:30 (7:30 pm) on the third Wednesday of January, April, July, and October.

TRAINING ACTIVITIES ARE RESTRICTED

Training activities are limited to members of that group, and others who have registered and/or been approved by the group.

SABINO CANYON PARKING

The Overflow Parking Lot near the SARA House is now frequently open for public use. Expect two-way traffic, and pedestrians. PARKING ALONG THE ROAD IS NOT APPROPRIATE, DURING CALLS OR OTHERWISE. Park at the SARA House. If you cannot open the gate to the SARA House, or the gate into Sabino during calls, call a Records or Truck person for assistance.

NEW TRAINING REQUIREMENTS

by SARCI Records, [records @ sarci.org](mailto:records@sarci.org)

This is a reminder of some training requirements:

Bloodborne Pathogens Awareness training - needs to be done annually. Check your status on the SARCI Field Qual Report (available on the SARCI Data page) in the "BBP" column. It shows the year and month (YYMM) that your training expires.

If you need this training, contact your team leadership.

AZBasicSAR – must have been done after 2012. Check your status on the SARCI Field Qual Report in the "AZ Basic" Column. If this field is shaded yellow you must take a current version of this training.

If you need this 16-hour training, advise Records of your availability so we can schedule at appropriate times.

Sometime over the next few months these will formally become SARCI Field Qualification requirements. Don't delay!

On August 27th, Divers were requested to search for evidence at a local lake. This was a shallow water search. October's training was to be held at Kennedy Lake and because of weather and other issues we opted to go dry. We discussed SAR Open House, the upcoming vote for the SARCI Board meeting, future team needs, training locations and topics.

We will meet in November at the SARA House for our Annual Meeting, elections of officers and pot luck. We will inspect and perform needed maintenance on all our dive equipment and help clean up the SARA House for the Open House as time permits.

In December, we will be doing our annual Altitude Diving Tables and O₂ Provider refresher training at the SARA House.

MRA RECERTIFICATION

by John Bechman, [john.bechman @ sarci.org](mailto:john.bechman@sarci.org)

We all should know that SARA is a Mountain Rescue Association (MRA) member. As such, we are required to maintain our certification. To do so, we periodically demonstrate our competence in rescue techniques, processes and methods.

Last winter, SARA was scheduled to perform our winter recertification. Because of the lack of snow, MRA granted us a delay to the upcoming winter. The recertification consists, as a minimum, of a snow beacon search, rescue of the victim, medical treatment and sled transport of the person. Recertification may also include an avalanche probe line and snow anchor construction.

This year is complicated by the fact that CAMRA (Phoenix SAR) was also given a bye by MRA. As a result, we are coordinating our re-certification with CAMRA.

Coconino County Sheriff's Department Search and Rescue is coordinating the evaluators.

SARA plans to do this recertification January 19th and 20th with travel on January 18th. Saturday will have one team re-cert and the other on Sunday. Teams will return home on Sunday. SARA's December 8th training class will consist of winter skills training to prepare us for the re-cert.

The location is tentatively set for Flagstaff's Snow Bowl Ski Resort. We are in the process of finding accommodations. We are evaluating Fort Tuthill's facilities. That site has a hotel, cabins and YURTS.

To successfully pass this critical exercise, SARA is need of 25 members to commit to the upcoming training and re-cert exercise. The commitment will result in fun days playing in the snow using snowshoes, crampons and snow beacons.

Each member must have adequate personal clothing and the standard rescue pack. SARA does have the bulk of needed winter gear - snowshoes etc. Personal equipment capabilities are welcome. Any issues will be sorted out prior.

Contact John Bechman if you are interested. We are sending out this invite now because the holidays always are a scheduling issue for most of us.

Mt. Baldy 60th Anniversary Memorial Hike

On November 15th 1958 a tragedy unfolded in the Santa Rita Mountains South of Tucson when six Boy Scouts embarked on a hike with the goal of reaching the summit of Mt. Wrightson known at the time as “Old Baldy”. Only three of the boys survived the night when an unexpected and unprecedented snow storm overtook the area dropping seven feet of snow in the mountains and a blanket of snow in Tucson.

A hike will be held on November 17th 2018 to mark the 60th anniversary of these events.

Ralph Coltrin, one of the boys who survived that night and now a man in his 70's, will be present. Representatives of the Southern Arizona Rescue Association, founded as a result of the tragedy, will participate. Organizations that participated in the rescue efforts that will also be invited to participate in the hike are the Pima County Sheriff Department, Santa Cruz County Sheriff Department, Davis-Monthan Air Force Base, and US Army Fort Huachuca.

The goal is to have as many Boy Scout Troops and Cub Scout Packs participate in the hike as possible. Each Troop and Pack that would like to participate will be required to have at least two properly trained and registered adult leaders present for each segment of the hike their Scouts will be completing and be in compliance with all Youth Protection policies. The Troop and Pack leadership will be responsible for their own Scouts during the hike, must be aware and confident of the abilities of the participating Scouts, and bring their Scout's BSA Health Forms.

The Special Addition Council Patch shown above is available for purchase for \$10 while supplies last.

There will be four levels of participation for Scouts to choose from.

1. The Send Off and group photo. Meet with the group at the Old Baldy Trail Head in Madera Canyon to wish the group safe travels and see them off. The trail head is located at the extreme end of the road into Madera Canyon and is approximately a 1 hour 15 minute drive from Tucson. The group photo will be taken at 7:45 sharp. Please plan your drive time appropriately to arrive no later than 7:30 at the trail head. Class A uniform shirts are required of Scouts and Leaders for the photo. The hike will commence promptly at 8:00 am.
2. Josephine Saddle. Hike to the Josephine Saddle to view the Memorial that has been erected there. This is a five mile round trip hike with a 1640' elevation gain and is rated on All Trails as “Moderate”. The trail head is at an elevation of 5440' and the trail is well shaded. A good strong pace will have the group arriving at the Josephine Saddle at 9:30. This group should remain in the area so they may hear the playing of taps from the Wreath Laying Ceremony at 10:00 before taking their return hike to the parking lot.

3. Memorial Wreath Laying Ceremony. Nearly One mile beyond the Josephine Saddle and down a steep slope there are three crosses that mark the location where each of the departed boys came to a rest and were discovered over two weeks after the storm and following the largest man hunt in Arizona history. Due to the terrain in this area, the risk of injury on the steep slope, the sensitive environment, and out of respect for the location: only four scouts will be allowed to complete this segment. Please contact me to discuss a Scout you wish to nominate to lay a wreath. Three scouts will be pre-selected from nominations made by their Scout Masters to lay a wreath at one of the crosses while taps is played on the bugle from the slope above. If a Troop has a Scout interested and qualified to play Taps on the Bugle, please make me aware. The sound of the bugle should be audible from the Josephine Saddle. Class A uniform shirts will be required on the Scouts participating in the Ceremony, which should take place at 10:00. This group may then make the return hike to the Josephine Saddle where they may elect to continue on to the Summit or return to the parking lot.
4. Hike to the Summit of Mount Wrightson. This segment should only be attempted by those who have trained and are prepared for an all day excursion of nearly a 4000 foot elevation gain and a 10 mile round trip that is rated on All Trails as "Difficult". The summit is 9456 feet above sea level, the air is thin and the trail is steep. Troops that participate in the full hike should have a representative Scout bring their troop flag to be unfurled at the summit where taps will be played again in honor of the Scouts who lost their lives. The views from the peak are spectacular as you look from a summit 300 feet higher than Mount Lemmon, Tucson sits 7000 feet below, and all the high peaks of Southern Arizona are visible on a clear day. Class A uniforms are required for the summit photo with all participating Troop flags. In the interest of time, groups may elect to press on from the Josephine Saddle and not wait for the playing of taps at that location. All groups participating in this segment should attempt to make the summit by 12:00 noon. The group photo with the Troop and Pack flags will be taken at 1:00. The groups may elect to stay on the summit as long or briefly as they choose before making the decent to the parking lot.

Class A uniform shirts may be worn over hiking clothes for the photos and ceremonies and may be removed and carried in packs during hiking portions for comfort.

Everyone participating must each have the ten essentials.

Non-Scout Family members are welcome, but must be accompanied by a parent or legal guardian.

Getting There: The Old Baldy Trail Head is located in Madera Canyon, which is approximately a 1 hour and 15 minute drive south of Tucson. Head south on I-19 from I-10 to Exit 63 at Continental Road, then drive east 1.2 miles to Whitehouse Canyon Road and follow for 7.3 miles, then turn south on Madera Canyon Road and follow 4.8 miles to the parking area at the very end. Carpooling is strongly encouraged as Parking is limited and drivers must bring \$5 in cash for the self-pay parking permit.

Please contact me for more details and with all your questions, and especially if you plan to attend and participate.
