SARCI BOARD MEETINGS

by SARNews, [sarcinewsletter @ sarci.org](mailto:sarcinewsletter@sarci.org)

SARCI Board meetings are held at the SARA House at 19:30 (7:30 pm) on the third Wednesday of January, April, July, and October.

SABINO CANYON PARKING

- With the new electric trams in Sabino, we will NOT be able to leave unattended vehicles at Tram Stop 9. During hours of Canyon Crawler operation, everyone will need to park at TS-8 and be shuttled to TS-9. The ONLY vehicles at TS-9 will be IC and Ops vehicles attended with drivers so they can move as the tram passes through.
- We are collecting photos for the "My ID" page on the response app (ERM). Photos can be sent to Records and there will be an opportunity to be 'shot' at the SARA general meeting. Guidelines: A head and shoulders shot like a passport. Plain light colored background. Wearing your uniform.

DPS "Screamer Suit" REPLACED

by Mykle Raymond, [Mykle.Raymond @ sarci.org](mailto:Mykle.Raymond@sarci.org)

DPS Air Rescue has replaced the Bauman "Screamer Suit" with the AVED "A-ved", Ambulatory Victim Extrication Device from Priority 1 Air Rescue (<https://priority1airrescue.net>). The Screamer and AVED are very similar. Yates and CMC Pro offer similar devices, with very different prices. All of them are rated for up to 400 lb loads. Ms. Bauman has retired, so has the Screamer.

The AVED uses a Cobra quick-release buckle on the waist strap, rather than a plastic buckle. The middle strap (between the legs) is adjustable. Wearing and connecting the AVED to the short-haul line is very similar, but will normally use two carabiners.

EMERGENCY RESPONSE MANAGER HELP

by Brooke Fawcett, [Brooke.Fawcett @ sarci.org](mailto:Brooke.Fawcett@sarci.org)

"If I'm at one area of the trail and my team mate is up trail from me, how far away is she really?"

"Does anyone know the weather up canyon from us right now?"

"When does my CPR expire?"

"How do I get in touch with another member in the group?"

Questions about how to use all these capabilities - and more - in ERM? Please don't hesitate to contact Brooke Fawcett! (Just open your ERM app, click Contacts, and type in her name.)

SARCI CALENDAR HELP

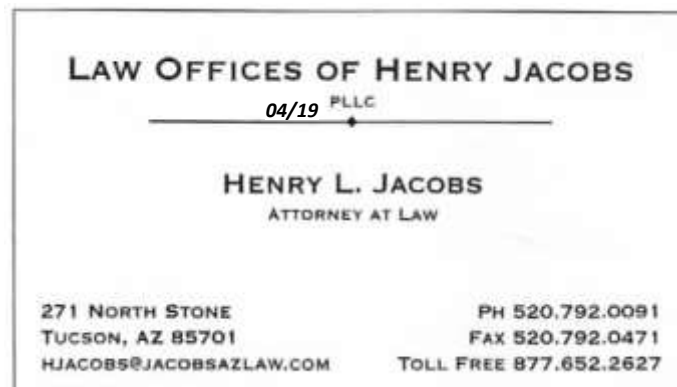

[records @ sarci.org](mailto:records@sarci.org)

SARCI Calendar – Looking for someone (or two) to support the team that maintains the master calendar. Something that can be done at most any time of the day or night. A small amount of training may be needed, after that it is a simple process. Email records.

SOUTHERN AZ MOUNTED SEARCH AND RESCUE

SAMSAR CALENDAR

May 19 18:00 Tue

Board and General Meeting

Forty Niner Country Club, 12000 E. Tanque Verde

Everything is on hold for now. No training with other groups. On horseback it is EASY to stay 6ft or more apart! But SAMSAR members continue to keep our equine in shape, when we can find parking for horse trailers at ALL trailheads. Saguaro Park East and end of Bear Canyon for 7 Falls and Rattlesnake, Esperero, trails, etc. Chris Massimi and Colleen Leon managed to find parking at the end of Bear Canyon for 7 Falls this past week. After the rains we had this past year some of the crossings have really changed and are quite difficult to traverse particularly crossing 1 and 5. Worries are horses/mules getting their hooves caught between rocks and tearing up feet and or breaking their leg. Hard enough to do in the day light, and even more difficult at night. Will have to put safety plan in place in the instance of a carry out. New inquiry from interested parties, can't wait till this whole COVID 19 goes away and we can all get back to some resemblance of normalcy. Until then ... stay safe!

See ya on the trail!

DIVERS CALENDAR

<u>May 10</u>	<u>09:00 Sun</u>	Diver's Training	TBA
<u>Jun 14</u>	<u>09:00 Sun</u>	Black Mountain Reservoir	Black Mountain Reservoir

In March, we joined with BORSTAR Divers to assist with Arizona DPS' Swift Water Rescue Training at Black Mountain Reservoir. In April, our training was cancelled because of the COVID-19 state request/order.

In May, we will re-evaluate our scheduled training. In order to mitigate the COVID-19 spread, all PCS&R DIVERS' in-person activities, not directly related to missions are cancelled until 05/15/2020.

In June, we hopefully will be able to return to our normally scheduled training. Location is TBA at this time.

COVID-19 MITIGATIONS

by SARA Board of Directors, SARAbod@sarci.org

In order to help mitigate the spread of COVID-19, the Board directs that SARA suspend all in-person activities not related to missions (trainings, meetings, etc.) until May 15 2020. Exceptions will be subject to Board approval.

Due to the potential impact of this directive on re-certification opportunities, SARA will freeze field qualification (FQ) status through June 30. During this time, a field qualified member with an expiring FQ-required certification will remain eligible for deployment in the field, upon approval by the mission IC, but will need to address any expired certs by June 30.

The Board will continue to monitor developments, and this directive may change as conditions warrant.

Let us know if you have any questions.

RESPONSES DURING COVID TIMES

by Sean Fawcett, Sean.Fawcett@sarci.org

During this time of COVID-19 and social distancing, there is a modification to the standard response to a request for a mission. While typically when a request for a mission is put out, we allow all members who respond to attend the mission, some items will change now that we are in COVID time.

For missions that do not require a large number of responders, the deputy requesting the alert will work with the SARA member putting out the page to come to a number that is reasonable for the mission. For example the search at Pima Canyon the other night would probably been limited to 3 field people and an Ops vehicle. It is understood that not all missions have the required info up front to determine the number of responders needed.

In the case where additional resources are needed, a page requesting additional assistance will be put out. If the request is for 3 people, the desire is not to have the first 3 people that respond, but that the responses be the first 3 that are in close location to the rendezvous.

If no number is specified in the alert, it is assumed to be a normal call for any available resources.

Before responding, you can check the list of responders to see how many people have already responded.

SARA BOARD - DUES

by Joe Barr, Secretary, joe.barr@sarci.org

It is that time of year again where we send out reminders regarding SARA dues payments. For 2020, there is a flat fee of \$20. **YOU WILL BE DROPPED BY THE JULY BOARD MEETING IF YOU HAVE NOT PAID YOUR DUES!** Below I have provided several different options on how you can make your payment:

A) **Cash or check paid at the SARA Store (not likely to be available)**

B) By check mailed to:

Southern Arizona Rescue Association
PO Box 12892
Tucson, AZ 85732-2892

C) Using PayPal online via the SARA donations page

- <http://www.sarci.org/donations/>
- Please note your name and description of payment "2020 Dues" in the memo area
- Please include a \$0.75 convenience fee if paying via PayPal

SARA BOARD – POLICY CHANGE

From the SARA Board, by Jason Aubrey, jason.aubrey@sarci.org

I hope you are all doing well and staying healthy. This note is to notify you of a proposed SARA policy change prompted in part by the COVID-19 situation and to invite your feedback on this change. One of our recent modifications to the policies was to modify item I.F.5 to read:

I. Membership

F. Qualifications

5. Outdoor Emergency Care (OEC) will be accepted as a medical training for field qualification for Candidates and Rescuers until July 1, 2020.

This is the statement in the current membership policies as approved on 11/21/2019, and also appears in the most recent revision approved on 3/19/2020.

As a result of the effect of the COVID-19 on our training schedule and to officially extend the sunset date for others affected by previous policy changes, the board proposes the following change to item I.F.5 of the membership policies:

I. Membership

F. Qualifications

5. Outdoor Emergency Care (OEC), Wilderness First Responder (WFR) and Wilderness First Aid (WFA) will be accepted as a medical training for field qualification for Candidates and Rescuers until December 31, 2020.

Since this proposal constitutes a change to SARA's Membership policies, the proposal will be presented for member comment at the next two SARA monthly meetings per our policies, to be followed by a Board vote on the proposed policy change.

Your feedback is welcome. You may email feedback directly to me or to the SARA Board of Directors. You will also have the opportunity to provide feedback in person at our May and June SARA monthly meetings. Details regarding the format of those meetings will be sent soon.

SARA MEDICAL DISCUSSION

by SARA Board of Directors, SARAbod@sarci.org

As you know, the Medical Committee and many members of our organization have been working diligently to ensure that all OEC medical certified Rescuers will be able to bridge to the EMR medical certification as required by the Pima County Sheriff's Department. Effective March 19, 2020, this recommendation has been accepted by a vote of the Board of Directors.

While this original bridge course applies to the majority of our members, please know that we will work with whoever needs it to get this accepted certification to be retained within the group. All of our members are important to this organization, and we do not want to lose any one of you during this transition.

There are still some questions within the transition process yet to be answered, but these are being worked on for an acceptable resolution to our members. Speaking on behalf of the Board, I want to thank the Medical Committee and other members who have dedicated a considerable amount of time and hard work to ensure that we meet these new standards.

Also during the March 19 Board of Director's meeting, Dr. Nicola Baker was voted in as the new SARA Medical Director. Dr. Baker is a previous SARA member, and currently works as an Emergency Physician and Assistant Professor at Banner University of Arizona Medical Center. She is an avid outdoorswoman, and a Fellow of the Academy of Wilderness Medicine through the Wilderness Medical Society. Dr. Baker will be introducing herself to us, however due to the current COVID-19 pandemic, the introduction will be made via email.

In her role as SARA Medical Director, Dr. Baker will work with Dr. Kastre, who is going to remain with the PCSD SAR Unit. As with all medical providers during this time, some of whom are our own SARA members, they are confronted with an increasingly strained healthcare system. We want to express our greatest appreciation for their efforts as they fight for the health and safety our community on the "front lines."

SARA BOARD – UNIFORM SHIRTS

by Joe Barr, Secretary, joe.barr@sarci.org

SARA Members are reminded that SARA has budgeted to provide uniform shirts. Please check with the SARA Store for details. While meetings are suspended, send your requests for information to Records@sarci.org.

1. The blue dress shirt embroidered with your name and the SARA logo is available for members that interface with the public.
2. Recognized field uniform shirts are available to active Rescuer, Candidate and Basic members. You may qualify if you have not had one issued, or yours is showing the wear of many missions. Recognized shirts generally include:
 - T-Shirts stocked in SARA Store
 - Orange button down shirts with embroidered name and SARA logo
 - Orange 'Tru-Spec' military style shirts with Velcro name and SARA logo

SARA MEDICAL TRAINING

by Cory Szach, cory.szach@sarci.org

Below are the medical training currently being offered by the SARA Medical Committee. These training are open to members of all SARCI component groups plus the Caver SMEs. Advanced registration via Whoozin is required for all classes to ensure sufficient instructors / materials. If sufficient registrations are not received by one week prior to the class, it may be subject to cancellation. All training will be held at the SARA House.

Cardio-Pulmonary Resuscitation (CPR): See the AHA guidance on the next page.

Wilderness First Aid (WFA): For those needing WFA, the following sessions are scheduled. Minimum 4 students needed to host the class. There are no fees or required materials for this course. Weekday sessions will be held from 18:00 - 22:00 and Weekend sessions from 08:00 - 17:00.

No WFA classes are currently scheduled

Blood Borne Pathogens (BBP): It is an AZ state requirement that all search and rescue volunteers take an OSHA BBP class once per year. Eventually members will be able to take this online on the SARA website, but until this system is available we will continue offering in-person classes.

No BBP classes are currently scheduled

Naloxone Administration: Due to the nation-wide opioid crisis, the State of Arizona recommends all first responders be trained in the administration of Naloxone. SARA offers this optional training to all SARCI members free of charge. To remain current it is recommended rescuers re-take this training once every two years.

No Naloxone classes are currently scheduled

Wilderness Emergency Medical Responder (WEMR): Dates for the upcoming WEMR class are TBD. Classes will be on Tuesday / Thursday evenings from 18:00-22:00 every week with three all-day Saturday classes. Registration will be open once the dates are finalized.

No WEMR classes are currently scheduled

If you have any questions or concerns please send them to the Medical Committee at saramedical@sarci.org

OEC CORNER

by John Gorski, john.gorski@sarci.org

We are cancelling the July OEC refresher, with the hopes things will be back to some what normal for the August OEC refresher. Please watch the newsletter for updates.

This year's OEC refresher in Tucson will be using the Hybrid OEC refresher option.

Beginning July 1, all NSP members and candidates taking the OEC course using the new 6th edition.

Get ready for OEC 6!

The sixth edition of NSP's flagship educational program, Outdoor Emergency Care (OEC) is currently scheduled to be released in May. (To receive the discount, enter the code NSPMEC2 in the Promotion Code field in the shopping cart.)

VENTANA CANYON RESCUE – March 19

I just want to thank you for your outstanding service to my husband on Thursday March 19, 2020 on the Ventana Trail. My husband and I and our friend Jim who was with us are avid hikers. We had never experienced any problems hiking before, and never expected ever needing a rescue.

Well, Thursday was a different deal. It no doubt didn't help to hike on a day with lots of water flowing in the creeks. My husband is a tough guy, yes he's 69, but in excellent shape. Except for what we thought was a healed bulging disc in his spine. Perhaps that one creek boulder was just a bit too tall to easily get over. Anyway, after going over it he was in bad shape. He could not walk out. Not what we expected to happen on this beautiful Tucson day!

Thank you! The help my husband received from your group was just amazing. Calm, well trained, friendly people made the experience interesting and safe, and not nearly as awful as anticipated.

The sheriffs and firefighters were awesome too, but I don't know how to contact them, and besides you are the true angels and you're volunteers! The service you provide is indeed exceptional.

Thankfully my husband is doing much better now.

UPDATED: Interim Guidance on Card Extensions during COVID-19 Outbreak

CPR & Emergency Cardiovascular Care

March 31, 2020

Purpose: To provide additional flexibility for providers, AHA Instructors, and Instructor candidates during the COVID-19 pandemic. **NOTE:** *This guidance on card extensions supersedes the guidance outlined in the March 13, 2020, document, "Interim Guidance on Extensions for AHA Instructor & Provider Cards during COVID-19 Outbreak."*

AHA Instructor and Provider Card Extensions

Per the statement regarding further extensions of AHA course completion cards beyond 60 days past the recommended renewal day (in interim guidance released on March 13, 2020), and given the ongoing threat of exposure to COVID-19, with many communities under shelter in place orders to minimize the spread of the disease, the AHA is extending AHA Instructor and Provider Course Completion Cards for 120 days beyond their recommended renewal date, beginning with cards that expire in March 2020.

Please see the AHA's guidance below, and disseminate to anyone who has a business need for this information (e.g., students, employers, medical or safety regulators, etc.).

For Instructor Cards expiring beginning in March 2020:

- AHA Instructor cards will be valid for 120 days beyond their recommended renewal date.
- Instructor candidates will also have 10 months from the completion of their Instructor course to complete monitoring.
- Management of this extension, and any record-keeping, will be the responsibility of the Training Center.

For AHA Provider Cards expiring beginning in March 2020:

- AHA Provider Cards will be valid for 120 days beyond their recommended renewal date.
- Management of this extension, and any record-keeping, will be the responsibility of the Training Center.

AHA Policy on Expired Cards for Update/Renewal Courses:

- Over the next 120 days, for providers whose cards have expired due to inability to complete training during the COVID-19 outbreak, the AHA will allow Instructors to provide remediation during update courses.
