SEARCH AND RESCUE COUNCIL

<http://www.sarci.org>

SARCI BOARD MEETINGS

by SARNews, sarcinewsletter@sarci.org

SARCI Board meetings are held at the SARA House at 19:30 (7:30 pm) on the third Wednesday of January, April, July, and October. During COVID-19, these meetings are being held on-line. Ask if you are interested in “attending”.

SABINO CANYON PARKING

With the new electric trams in Sabino, we will NOT be able to leave unattended vehicles at Tram Stop 9. During hours of Canyon Crawler operation, everyone will need to park at TS-8 and be shuttled to TS-9. The ONLY vehicles at TS-9 will be IC and Ops vehicles attended with drivers so they can move as the tram passes through.

EMERGENCY RESPONSE MANAGER PHOTOS

by Brooke Fawcett, Brooke.Fawcett@sarci.org

We are collecting photos for the “My ID” page on the response app (ERM). Photos can be sent to Records and there will be an opportunity to be ‘shot’ at the SARA general meeting (when physical meetings are held). Guidelines: A head and shoulders shot like a passport. Plain light colored background. Wearing your uniform.

EMERGENCY RESPONSE MANAGER HELP

by Brooke Fawcett, Brooke.Fawcett@sarci.org

“If I’m at one area of the trail and my team mate is up trail from me, how far away is she really?”

“Does anyone know the weather up canyon from us right now?”

“When does my CPR expire?”

“How do I get in touch with another member in the group?”

Questions about how to use all these capabilities - and more - in ERM? Please don't hesitate to contact Brooke Fawcett! (Just open your ERM app, click Contacts, and type in her name.)

SARCI MEDICAL TRAINING

by Cory Szach, cory.szach@sarci.org

Medical classes are available to members of all SARCI component groups. A listing of classes is included in the SARA section below.

SARCI ROSTERS DURING COVID-19

by SARCI Records, records@sarci.org

Rosters are appropriate and requested for on-line activities, including meetings and training sessions. A simple list of names and in/out times are sufficient (send the lists to Records). Bonus points are available for anyone who adds that information to a copy of the file "SARCI_Mission_Response_Log_Data_Entry" available on the SARCI data page (normal login needed):

http://www.sarci2.org/data/SARCI_Mission_Response_Log_Data_Entry_201810.xlsx

SOUTHERN AZ MOUNTED SEARCH AND RESCUE

by Colleen Leon, colleen.leon@sarci.org

SAMSAR CALENDAR

Oct 20 18:00 Tue **Board and General Meeting** Forty Niner Country Club, 12000 E. Tanque Verde

Meetings resumed as of September. Glad to see everyone again.

Maricopa Mounted Posse attended the last two SAR Conferences but disbanded a couple years ago. They formed Queen Creek Mounted Posse asked SAMSAR to come out to help them shape and train their new group. Sheriff Mark Lamb will be there to observe as Pinal is interested in adopting QCMP! Congrats! SAMSAR will do all we can to help them get on their way. Gonna be a great group of volunteers! Thank you to the constant support we get from our PCSD SAR deputies and a SPECIAL thank you to SARA for their support! SARA will be supplying a truck with equipment to be used in this training! October 24 at 10:00 at Desert Wells Stage Stop, Chandler Heights and Sossman Rd. SAMSAR board members will also be meeting with QCMP board to go over how to vet candidates on October 10 in Queen Creek.

November 07 - SARA and Mass incident training. We have 6 members that will participate. Can't wait to get the details.

December 05 - SARA Candidate training ... FINALLY! Sorry it has taken so long. Meet at 09:00 at Jerry Simmons Arena 11670 E. Irvington. Truck with equipment arranged, and will possibly have various Fire Departments and NPS members attending as well.

Since COVID-19 hit SAMSAR has 6 people who have contacted us interested in joining. Sounds like it's gonna be a busy 2021!

Weather is cooling....always training when we ride!

Happy trails everyone!

PIMA CO. SEARCH & RECOVERY DIVERS

by John Longhofer, divers@sarci.org

DIVERS CALENDAR

<u>Oct 11</u>	<u>09:00 Sun</u>	Diver's Training Suspended	Possible online DIVERS Board meeting
<u>Nov 08</u>	<u>09:00 Sun</u>	Diver's Training	Planned for Lakeside, conditions permitting

September, we continued our suspension of training and practiced social distancing. We may hold an online Divers Board of Directors meeting to discuss future trainings plans.

November's training is planned for Lakeside.

We will be holding our Annual Meeting and elections of officers outdoors.

SOUTHWEST RESCUE DOGS, INC.

by Karen Paquette, karen.paquette@sarci.org

SRDI CALENDAR

Oct 07 18:30 Wed **Monthly Meetings** On-line, Teams

We welcome our newest Candidate, Stacey Thomas! Stacey has been busy getting her medical training, and we're happy she's decided to join us.

SRDI held two whole group trainings – Sept 13 and Sept 19. It was so good to see everyone again. The weather was advantageous – fairly cool and windy. Our focus right now is on getting our Candidates through their blue card skills and moving to Mission Qualified status. We have two dogs quickly approaching certification attempts, one in air scent, and one in HRD. SRDI scheduled an information meeting on Teams for 9/23/2020 @ 1900 for folks who have contacted us asking about membership. We hope to re-open membership toward the beginning of 2021.

SARCI members are invited to join us for training at any time. If you are interested in attending one of our trainings, please email us at [K9 @ sarci.org](mailto:K9@sarci.org), or [Karen.Paquette @ sarci.org](mailto:Karen.Paquette@sarci.org), or call Karen Paquette (275-2074). SRDI's monthly meeting is the first Wednesday of each month at the SARA House.

BOARD OF DIRECTORS – COVID-19 DIRECTION

by Sean Fawcett, Sean.Fawcett@sarci.org

On March 20 the board directed that SARA suspend all activities except missions. And on May 15 the board continued the suspension of indoor activities not related to missions. Information now available shows that the COVID-19 risk has not declined as expected. The need to avoid exposure to rescue personnel and equipment remains at a heightened level.

The Board directs that SARA continue to suspend all indoor activities not related to missions (trainings, meetings, etc.) until further notice. Outdoor training and activities may continue with careful adherence to CDC guidelines for mitigating the spread of COVID-19.

We as an organization must protect our members (teammates), our equipment, the public we serve, and all those we contact by wearing masks. The Board expects all participants in any organized SARA activity to use a mask whenever possible, adhere to social distancing recommendations, frequently disinfect equipment, and frequently wash/sanitize hands. More specific SARA COVID-19 Guidelines were published by the SARA Medical Chairs (via Amy) on May 15 and will be updated monthly. SARA Members need to be aware of and adhere to these guidelines.

No member may attend any SARA activity if they have any symptoms of COVID-19. This can include fever, chills, cough, shortness of breath, sore throat, headache, body aches, or loss of taste or smell. If a member develops any symptoms, he or she may not return to training or calls until at least 10 days after the onset of symptoms AND at least 3 days (72 hrs) without fever (without the use of fever-reducing medications) and an overall reduction in symptom severity.

Due to the potential impact of training restrictions on recertification opportunities, SARA has enacted a freeze on field qualification (FQ) status through **December 31, 2020**. During this time, a field qualified member with an expiring FQ-required certification will remain eligible for deployment in the field, upon approval by the mission IC. As there are now regular opportunities to renew certifications, this date will not be extended. **Effective January 01, 2021, all members must meet all field qualification requirements in order to go into the field on a mission.**

The Board will continue to monitor developments, and update this directive at least monthly. Exceptions to this policy will be subject to Board approval. Please let me know if you have any questions.

RESPONSES DURING COVID TIMES

by Sean Fawcett, Sean.Fawcett@sarci.org

During this time of COVID-19 and social distancing, there is a modification to the standard response to a request for a mission. While typically when a request for a mission is put out, we allow all members who respond to attend the mission, some items will change now that we are in COVID time.

For missions that do not require a large number of responders, the deputy requesting the alert will work with the SARA member putting out the page to come to a number that is reasonable for the mission. For example the search at Pima Canyon the other night would probably been limited to 3 field people and an Ops vehicle. It is understood that not all missions have the required info up front to determine the number of responders needed.

In the case where additional resources are needed, a page requesting additional assistance will be put out. If the request is for 3 people, the desire is not to have the first 3 people that respond, but that the responses be the first 3 that are in close location to the rendezvous.

If no number is specified in the alert, it is assumed to be a normal call for any available resources.

Before responding, you can check the list of responders to see how many people have already responded.

SARA TECHNICAL TRAINING

by Galen Smith, galen.smith@sarci.org

Schedule of remaining 2020 opportunities for technical sign offs and personal rope skills:

October 10, Sat - 08:00 - 12:00: Personal Rope Skills at the Craycroft Pedestrian Bridge. Rappelling and ascending practice, sign offs for Awareness, Operations, and Technicians available.

October 14, Wed - 19:00 - 22:00: Technician rigging sign offs at the SARA House, Awareness and Operations sign offs.

October 17, Sat - 08:00 - 14:00: Technician field exercise (location TBA). Awareness and Operations sign offs.

November 14, Sat - 08:00 - 12:00: Personal Rope Skills at the Craycroft Pedestrian Bridge. Rappelling and ascending practice, sign offs for Awareness, Operations, and Technicians.

November 18, Wed - 18:00 - 22:00: Technician level training at the PCSD tower. Awareness and Operations sign offs.

December 12, Sat - 08:00 - 12:00: Personal Rope Skills at the Craycroft Pedestrian Bridge. Rappelling and ascending practice, sign offs for Awareness, Operations, and Technicians.

More details about each of these trainings will be sent out as they get closer.

January 01 is the next deadline for applying to the technical rope rescue team. To qualify you must be a field qualified Orange Shirt with Operations level certification and on-rope experience.

NEW "BASIC" CANDIDATES

by Joe Barr, Secretary, joe.barr@sarci.org

While we are again moving forward toward completing SALT for our 2020 Candidates, 14 have achieved Basic Qualification and are being issued Green Shirts. At this level they can respond to perform non-field tasks on a mission. An extra pair of hands is always useful in Staging and Operations and most especially in an Operations truck on the way to a mission. Make contact with a nearby driver to plan how to respond with the truck. Cory Szach, Bill Florence and Joe Barr are good contacts to start with.

SARA MONTHLY TRAINING by Justin Peterson, justin.peterson@sarci.org

An orientation of Tanque Verde Canyon will be held October 03, 08:00 – 14:00. Meet ACROSS THE ROAD IN THE SCHOOL PARKING LOT from the Circle K on Tanque Verde & Tanque Verde Loop Rd (Meeting locations are in the ERM app).

This canyon is a complex and historically dangerous rescue environment. This orientation is typically held annually; attendance is highly recommended (and an Orange Card sign-off). Bring your full rescue pack with plenty of water and snacks, and dress for the sun. See the next section for ERM coverage of the area.

We are starting a three-year cycle to cover the Lower, Middle, and Upper sections of the most popular areas of the canyon. We usually cover the Middle section, however most of our calls are in the Lower section that we will cover this year. The SARA Trail is about 0.5 miles, and the canyon bottom to the base of the Main Falls is about 0.6 miles. We will probably carry a stokes or two as part of a review of routes through the rough sections, anticipating problems during different stream flows.

ERM MAP UPDATE: POINTS OF INTEREST

by Sean Fawcett, Sean.Fawcett@sarci.org

The map of Points of Interest is a topographic map of the area from south of Patagonia and north of Oracle (including the 24 HOP Mountain Bike course) and including SAR areas of interest. This map now includes the Lower Tanque Verde Canyon orientation map (when zoomed waaaay in).

There are two versions of the map available for download. The compressed map has all of the content of the larger map, but with a slight JPG compression that loses a bit of image quality but results in a smaller map file. It is hard to distinguish between the two when viewed side-by-side.

["Pima-POI-40" Map Compressed \(~142mb\)](#)

["Pima-POI" Map \(Large Download \(~270mb\)\)](#)

These links should be usable by opening the SARnews PDF file on your phone, then clicking the link. The file will be copied to the download folder on your phone, where ERM will find it and add it to your list of available maps, using the name shown in the link above that is in quotes. Or, ask for an email that includes the links. Ask Sean if you have questions.

The SARA Policy document was updated effective Aug 20, 2020. A copy is available on SARA Documents.

Changes of note:

- By 1/1/21 Rescuers are required to have an NrEMR or Arizona EMCT (EMT-Paramedic) or Arizona Medical License. There are bridge courses being offered for those holding WFR or OEC to obtain NrEMR.
- Rescuers are required to obtain 8 hrs of continuing medical education (CME) every 2 years covering wilderness related care topics. Wilderness related CMEs will be identified or offered by MTSC. Those maintaining current WEMR, WFR or OEC certifications are deemed to meet this requirement.

SARA Dues –Proposal for Amendment of Policies

The proposal is to amend Article I by inserting subsection F and bumping the following sections down by one.

F. Dues

1. Annual dues are set by the Board of Directors no later than the 31st of January of each year.
2. Dues are payable on the 1st day of May and are in default on the 1st day of July.
3. Members who have participated in one or more missions, trainings, or public service or special events during the period starting on the first day of January of the previous year and ending on the first day of May of each year are considered to have paid dues for the current year.
4. The Board of Directors may drop Members whose dues are in default for more than two years.

This proposed amendment is in the Membership section, so it must be presented at the General Meetings in October and November. If no significant changes are made, the Board may adopt the amendment.

The procedure that is based upon the amendment will include:

Each year on May 1 (by the Board agenda deadline), Records will email an Annual SARA Membership Letter to each member, showing their current status (as provided by Records and shown in the ERM). The letter will include the dues requirements, list of Board Members for the new fiscal year, and list of Member Advocates.

Each year on July 1 (by the Board agenda deadline), Records will provide the Board with a list of ALL members, showing:

- whose dues are considered paid by having attended at least one Mission, Training, Public Service, or Special Event activity since January 1 of the previous year.
- whose dues were paid for the current and previous year.

Records will recommend that the Board drop from membership those members whose dues have been in default for at least two years.

Records will disable the *sarci.org* accounts of members who have not participated or contributed since January 1 of the previous year (including ERM accounts).

Notes:

1. Dues are in default in July, so “dues are in default for more than two years” is really at least 14 months. (the intent is: when a Member has two years of dues that are in default, they may be dropped by the BOD)
2. “January 1 of the previous year” is about 18 months (if we haven’t seen you in THAT long ...).
3. Life and Sustaining Members are considered to have paid dues.

This is a reminder that COVID-19 is still an active and imminent threat in our community.

Masks must be worn while participating in briefings, while providing patient care, carpooling, and in other instances when social distancing is not possible. Thank you for your continued commitment to the safety and well-being of your teammates.

Continue to ask patient history:

- (1) Have you traveled in the past 2 weeks?
- (2) Do you have a fever?
- (3) Do you have a cough?
- (4) Do you feel ill?

If they answer "yes" to any of the above, take extra precautions and provide them with a mask if possible.

Everything will be sanitized after every call. Sanitizing spray is available in the trucks. The Stokes basket is to be wiped down both before and after taking it out on a call.

Have situational awareness; be aware of surroundings and high touch surfaces and areas of potential contamination. What are you touching, where are you placing your hands, how close are you to others, have you washed your hands lately, how about your phone?

If you or someone in your household is diagnosed with COVID-19, we ask that you notify us so that we can notify those you may have been on a call with. If you have symptoms of COVID-19, do not respond to calls, self-quarantine, and please notify the Medical Committee chairs so we can notify those in SARA who may have been exposed in the previous weeks.

COVID-19 has turned into quite the marathon. Stay safe, sane, and socially distant. Thank you for your continued patience, understanding, and resiliency.

COVID19 Indoor Training Safety Guidelines

Before Class Health Screening:

Before being admitted to the course the following symptoms will be screened through questioning and by taking infrared temperature:

- Fever (Temperature of 100.4 or greater) plus Cough and shortness of breath/ difficulty breathing
- Chills
- Congestion or runny nose
- Muscle pain
- Sore throat
- New loss of taste or smell
- Diarrhea
- Nausea or vomiting
- Fatigue

If any of these symptoms have been experienced in the last 24 hours the student will not be admitted into the class. A check mark will be added to the roster for those that have completed this screening. We will record the temps of individuals coming in but for HIPAA reasons we will not keep the temps with the names for data purposes.

Temperatures will be taken upon arrival. If a student has a temp at 100.4 or higher and it is suspected to be environmentally caused, that student will be given 5-10 minutes to cool off under A/C either in a designated room or their POV before temperatures are recorded again. If they come back with a temp at or higher than 100.4 that student will not be permitted to stay and will be sent home.

During Class Precautions:

The following precautions will be used during time in the classroom:

- Maintain social distancing of 6 feet or more when possible
- Masks will always be used indoors or when social distancing cannot be maintained
- Reminders will be given to wash hands when possible and to use hand sanitizer when washing is not possible.

Hands on Scenario Precautions:

The additional precautions will be used during hands on patient scenarios:

- In addition to masks, eye protection in the form of safety glasses, sunglasses, or a face shield will be required.
- Nitrile gloves will be used and changed in between patient contacts along with proper hand washing and hand

sanitizer when washing is not possible.

- Scenario teams and patients will be kept the same to limit extra exposure.

Classroom Hygiene:

- All equipment and indoor surfaces used will be cleaned and sanitized after/between use
- Tables, chairs, equipment will be sprayed down with disinfectant
- All un-need equipment and furniture will be kept separate and clean
- Medical equipment will be disinfected between patient contacts
- Instructors will thoroughly wipe down and disinfect surfaces after class
- Air vent fans will be set to “On” throughout building

ASHI Training:

SARA has been approved to be an ASHI Training Center. We are fishing up the details now, and will soon be able to issue Basic First Aid and Advanced First Aid cards from ASHI. We will make a full announcement with all the details once we are fully operational. We will continue to teach our WFA and WEMR courses like we have been. These new certs will be an optional supplement to those who need a certification card for SARTEch and other qualifications. We are looking at using these classes for PR events in the future.

OEC CORNER

by John Gorski, john.gorski@sarci.org

This year's OEC refresher will be held online. A gentle reminder that time is running out to complete your OEC 6 Cycle A refresher. Our closing date is October 31, 2020.

Please follow ALL the instructional below to receive credit for Cycle A refresher.

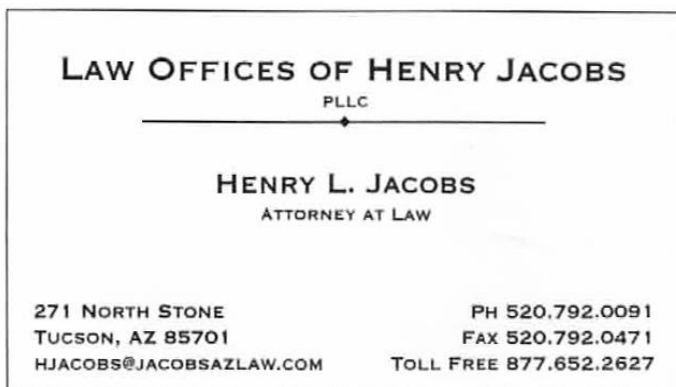

Enroll in NSP Course # F801200001. Go to NSP.org, enter this course number into the course schedule and follow the prompts through to completion. You will get an email when you have successfully enrolled.

Go to the NSP Online Learning (NSP.org > Member Resources > Online Learning > Click Here to Enter the Online Learning System > Courses > 2020 OEC Refresher A Online Module & workbook)

Complete the course. Print the completion certificate as a pdf file or JPEG and save it to your computer.

At the same time, scan a signed copy of the Refresher Evaluation Form (page 31) from your workbook that was received in the mail, and save it as a PDF file.

Send the completion certificate along with a scanned copy of your Refresher Evaluation Form (page 31) as an email attachment to me at john.gorski@sarci.org.

Below is the medical training currently being offered by the SARA Medical Committee. These trainings are open to members of all SARCI component groups. Where space is available, Caver SMEs are welcome. Members can register for the sessions by following the links provided or by emailing me directly. The sessions will be offered at the SARA House so long as current CDC, county, city, and SARA policies are able to be followed. We understand the situation is ever changing due to the COVID-19 pandemic and we will do our best to communicate cancellations or changes in the format in which the courses will be offered (limited class sizes, outdoors, online, etc). We want to do our best to make the most responsible decisions.

Cardio-Pulmonary Resuscitation (CPR): The sessions below will be offered for AHA Basic Life Support Provider certification. Participants are required to bring their own ventilation barrier device (mask or shield). The course is \$5.00 to cover the AHA fee for issuing your CPR card. This will be payable to the instructor via cash or check made out to “Southern Arizona Rescue Association”.

Oct 21, Wed: 18:00-22:00

Registration: <https://forms.gle/ZV5Ckepyqav3TukJ9>

Wilderness First Aid (WFA): The following session is scheduled. There are no fees or required materials for this course. Weekday sessions will be held from 18:30 - 22:00 and Weekend sessions from 08:00 - 17:00.

No WFA classes are currently scheduled

Blood Borne Pathogens (BBP): It is an AZ state requirement that all search and rescue volunteers take an OSHA BBP class once per year. Eventually members will be able to take this online on the SARA website, but until this system is available we will continue offering in-person classes. (An on-line refresher BBP class is available using links recently emailed to SARA Members)

No BBP classes are currently scheduled (SARA members can use the on-line refresher through our insurance)

Naloxone Administration: Due to the nation-wide opioid crisis, the State of Arizona recommends all first responders be trained in the administration of Naloxone. SARA offers this optional training to all SARCI members free of charge. To remain current it is recommended rescuers re-take this training once every two years.

No Naloxone classes are currently scheduled

Wilderness Emergency Medical Responder (WEMR): The fall WEMR class will run from Tues Sep 08 to Sat Nov 07. Classes will be every Tuesday and Thursday evening from 18:30-22:00 with four Saturday classes from 08:00-17:00 on Sept 26, Oct 10, Oct 24 and Nov 07. Upon completion of this course and the national registry examination you will obtain your NR-EMR certification and wilderness component required of a SARA field qualified rescuer.

The cost of the class will be \$275 per person, paid by check made out to “Southern Arizona Rescue Association”. Registration fees include the course book, medical supplies and other course specific materials, and voucher for the NR-EMR exam.

Registration: *Class is in progress*

OEC to EMR Bridge course: Upon completion of this 16-hour course you will be eligible to take the National Registry exam to obtain your NR-EMR certification. Prerequisite: a current OEC or WFR certification. Class may be cancelled if a minimum registration is not met one week prior to the session date.

4. Nov 17, Tues: 18:00-22:00 Nov 19, Thur: 18:00-22:00 Nov 21, Sat: 08:00-17:00

Registration: **CLASS CANCELLED**

Nineteen people have completed the OEC to EMR bridge course. Good luck to those taking their National Registry Exam!

If you have any questions or concerns please send them to the Medical Committee at saramedical@sarci.org

VERIFY THAT EACH IN-PERSON ACTIVITY WILL BE HELD WHERE SCHEDULED

Date	Vol/Hrs/ Problem	Location	Resources
------	------------------	----------	-----------

Mission Hrs now show total portal-to-portal times. Mission times now show Field IN/OUT times.

Fri Aug 07 15/ 29/ 90yf walkaway 7141 E Gambel Survey1 SAV
 14:15 – 15:30 A female with alzheimers walked away from a care home. Teams searched open areas in the neighborhood. Survey spotted a subject matching the description sitting in the sun in a back yard further down the same street, and she was retrieved.

Sun Aug 09 5/ 13/ 38yf ankle injury Lower TV Canyon Trail, Rincons RMFD
 07:35 – 08:20 Assist fire crews carrying a patient up the SARA Trail.

Mon Aug 10 10/ 21/ 2 2?ym hikers exhausted Tanque Verde Ridge Trail, RinconsNPS RVFD
 17:00 – 17:35 Hikers became exhausted about 2 miles up trail. They were assisted down trail by fire and SAR teams.

Sun Aug 16 7/ 8/ 50ym exhausted Gates Pass, Tucson Mtns PRFD
 No field times A person became exhausted and was assisted by fire crews prior to SAR team arrival.

Sun Aug 30 9/ 26/ ??yf hiker exhausted Starr Pass, Tucson Mtns TFD
 12:35 – 13:40 A group of hikers on a social trail near the Starr Pass Reservoir reported one of the group was exhausted. TFD appreciated our assistance in carrying the hiker to vehicles near the Reservoir (old trailhead).

Sat Sep 05 10/ 17/ ??y? hiker exhausted Lower TV Canyon Trail, Rincons RMFD
 15:40 – 15:50 An exhausted hiker was on the SARA Trail. A few volunteers met the stokes a short way down trail.

Sat Sep 12 16/ 41/ 83ym missing Craycroft and Territory
 18:20 – 19:00 A male was missing from his residence. Teams were covering open areas in the vicinity. His wife talked to him by cellphone, and got the deputies involved to narrow the search area (style of houses found only south of Territory). He was found behind a residence, a couple of houses south of Territory and not far from one of our teams.

Mon Sep 14 15/ 49/ ??ym hiker exhausted Wildhorse Canyon, Rincons NPS
 12:00 – 14:10 A hiker was exhausted upstream from Garwood Dam. While hiking in, his companion was met and asked to stay put until we had people to walk out with him. The Hasty Team located the subject and got him back on trail, and all hiked out without problems.

Sun Sep 27 13/ 76/ ??ym missing Gilbert Ray Camp., Tucson Mtns DPS Survey Sheriff1
 22:15 – 01:10 Teams searched along a dirt road / trail leading west from the campground. Unrelated human bones were found. The next morning Sheriff1 found the subject who was mobile, about 1 mile north of the road.
