SARCI BOARD MEETINGS

by SARNews, sarcinewsletter@sarci.org

SARCI Board meetings are held at the SARA House at 19:30 (7:30 pm) on the third Wednesday of January, April, July, and October. During COVID-19, these meetings are being held on-line. Ask if you are interested in "attending".

SABINO CANYON PARKING

With the new electric trams in Sabino, we will NOT be able to leave unattended vehicles at Tram Stop 9. During hours of Canyon Crawler operation, everyone will need to park at TS-8 and be shuttled to TS-9. The ONLY vehicles at TS-9 will be IC and Ops vehicles attended with drivers so they can move as the tram passes through.

EMERGENCY RESPONSE MANAGER PHOTOS

by Brooke Fawcett, Brooke.Fawcett@sarci.org

We are collecting photos for the "My ID" page on the response app (ERM). Photos can be sent to Records and there will be an opportunity to be 'shot' at the SARA general meeting (when physical meetings are held). Guidelines: A head and shoulders shot like a passport. Plain light colored background. Wearing your uniform.

SARCI ROSTERS DURING COVID-19

by SARCI Records, records@sarci.org

Rosters are appropriate and requested for on-line activities, including meetings and training sessions. A simple list of names and in/out times are sufficient (send the lists to Records). Bonus points are available for anyone who adds that information to a copy of the file "SARCI_Mission_Response_Log_Data_Entry" available on the SARCI data page (normal login needed):

http://www.sarci2.org/data/SARCI_Mission_Response_Log_Data_Entry_201810.xlsx

SARCI MEDICAL TRAINING

by Cory Szach, cory.szach@sarci.org

Medical classes are available to members of all SARCI component groups. A listing of classes is included in the SARA section below.

EMERGENCY RESPONSE MANAGER HELP

by Brooke Fawcett, Brooke.Fawcett@sarci.org

"If I'm at one area of the trail and my team mate is up trail from me, how far away is she really?"

"Does anyone know the weather up canyon from us right now?"

"When does my CPR expire?"

"How do I get in touch with another member in the group?"

Questions about how to use all these capabilities - and more - in ERM? Please don't hesitate to contact Brooke Fawcett! (Just open your ERM app, click Contacts, and type in her name.)

Congratulations to K9 Team Loretta/Ursula Conway on achieving Air Scent certification! SRDI now has four HRD certified dogs (Dexter, Doc, Polly, Hagar) and four air scent certified dogs (Dexter, Doc, Nunca, Loretta). Trainings will be a lot of fun now! Last Sunday's training at Prison Camp allowed some tremendous lessons in air scent movement and handler responsibility to get the dog placed in the most advantageous locations. Future trainings will continue this kind of education – search strategy, scent theory, navigation, and communication.

SARCI members are invited to join us for training at any time. If you are interested in attending one of our trainings, please email us at [K9 @ sarci.org](mailto:K9@sarci.org), or [Karen.Paquette @ sarci.org](mailto:Karen.Paquette@sarci.org), or call Karen Paquette (275-2074). SRDI's monthly meeting is the first Wednesday of each month at the SARA House.

<u>May 16</u>	<u>09:00 Sun</u>	Pool Session – Surface Support Trng	BSA DV Pool
<u>Jun 13</u>	<u>09:00 Sun</u>	Pool Session – Surface Support Trng	BSA DV Pool

In April, new diver trainees received their first exposure to full-face masks underwater performing tethered line searches. Surface support trainees received hands-on experience controlling tethered divers.

For May and June, we will continue our training on search patterns underwater and communications. Please Note: training has been changed to Sunday May 16 since the pool is being used by another group on our regularly scheduled training date.

July, we will move to Black Mt. Reservoir (CAP) where we will apply pool training to an open water environment.

Vice President: John Perchorowicz
 Facilities: Ed Hartman
 Medical: James Hoiby

Continuing with the same functional area:

President: Sean Fawcett
 Treasurer: Andy Lamb
 Secretary: Joe Barr
 Operations: Spencer Graves
 Training: Brent Olivas
 Membership: Nic Jones

To reach your Board of Directors email to: private-sarabod@scarci.org.

**BOARD OF DIRECTORS – COVID-19 DIRECTION – Feb 18, 2021**by Joe Barr, SARAscretary@scarci.org

Even with the proliferation of vaccines, the need to avoid exposure of rescue personnel and equipment to COVID-19 remains at a heightened level.

The Board directs that all indoor SARA activities be conducted in accordance with Southern Arizona Rescue Assn Indoor Training Safety Guidelines dated Feb 28, 2021 (included below), as may be updated and published by MTSC (Medical Training and Standards Committee). Indoor activities within the SARA facility involving more than Ten (10) individuals and not related to missions (trainings, meetings, etc.) continue to be suspended until further notice. Outdoor training and activities may continue with a careful adherence to CDC guidelines for mitigating the spread of COVID-19.

We as an organization must protect our members (teammates), our equipment, the public we serve and all those we contact by wearing masks. The Board expects all participants in any organized SARA activity to use a mask whenever possible.

adhere to social distancing recommendations, frequently disinfect equipment, and frequently wash/sanitize hands. After receiving the vaccination the above precautions and PPE requirements remain a requirement for all participants.

No member may attend any SARA activity if they have any symptoms of COVID-19. This can include fever, chills, cough, shortness of breath, sore throat, headache, body aches, or loss of taste or smell. If a member develops any symptoms, he or she may not return to training or calls until at least 10 days after the onset of symptoms AND at least 3 days (72 hrs.) without fever (without the use of fever-reducing medications) and an overall reduction in symptom severity.

The Board will continue to monitor developments and review this directive at least monthly. Exceptions to this policy will be subject to MTSC approval.

RESPONSES DURING COVID TIMES

by Sean Fawcett, Sean.Fawcett@sarci.org

During this time of COVID-19 and social distancing, there is a modification to the standard response to a request for a mission. While typically when a request for a mission is put out, we allow all members who respond to attend the mission, some items will change now that we are in COVID time.

For missions that do not require a large number of responders, the deputy requesting the alert will work with the SARA member putting out the page to come to a number that is reasonable for the mission. For example the search at Pima Canyon the other night would probably been limited to 3 field people and an Ops vehicle. It is understood that not all missions have the required info up front to determine the number of responders needed.

In the case where additional resources are needed, a page requesting additional assistance will be put out. If the request is for 3 people, the desire is not to have the first 3 people that respond, but that the responses be the first 3 that are in close location to the rendezvous.

If no number is specified in the alert, it is assumed to be a normal call for any available resources.

Before responding, you can check the list of responders to see how many people have already responded.

SARA Dues – Policies amended

by SARA Secretary, joe.barr@sarci.org

SARA Policies have been amended to include recognition of activities to count as dues. The updated SARA Policies document is available in sarci.org “SARA Documents”. The following single statement was added to SARA Policies, Section I. Membership:

F. Dues: Members who have participated in one or more missions, trainings, or public service or special events during the previous SARA fiscal year are considered to have paid dues for the current year.

SARA TRAINING - MAY

by Galen Smith, galen.smith@sarci.org

Saturday, May 8. Monthly SARA training will be a technical exercise held at Tanque Verde Falls. Meet at the Circle-K on Tanque Verde no later than 08:00. We will be doing steep angle lower and hauls from the top of both the Main Chute and Trolley Chute. Awareness, Operations, and Technician level task-book sign offs are available. More details to come via email.

Wednesday evening, May 12. Technician level exercise to be held at the PCSD training tower located at 10001 S. Rita Road, Tucson, AZ. More details to come via email.

SALT TECHNICAL MANUALS

by Dale Mann, dale.mann@sarci.org

The SALT technical manual has been revised to include the many changes we have adopted in the past couple of years. The two-part manual is available on the SARA documents page under the heading “SALT Technical Manual 1 Ver 6R”, with the file names: "200915 SALT Technical Manual I V6R.pdf" and "200915 Annotated Photos for SALT Manual I V6R.pdf." The first one is the text file, and the second contains all of the illustrating photos.

It was decided to do this so that larger and more detailed photos could be used. Now, for example, instead of one photo showing a wrap-3/pull-2 anchor sling, there are five photos, showing in sequence how to tie the sling. When using the manual, you should have both files open at the same time. (The photos file is 16 Mb: it may take some time to download.)

This manual is the guide for all Members for completing the revised Technical Skills Task Book, also available on the SARA documents page. If you find any errors or ambiguities, please contact me.

2021 SARA RECRUITING

by Nic Jones, nic.jones@sarci.org

SARA membership is open to anyone interested in search and rescue, and helping to enhance public outdoor safety in southern Arizona. The next recruiting period will start with informational orientations this summer. It is mandatory to attend one of these to gather information, ask questions, and submit an application.

Orientation I - Tuesday June 15, 2021 @ 19:00

Orientation II - Thursday July 8, 2021 @ 19:00

(Both Orientation sessions will be virtual via Microsoft Teams. See email for links)

Newly selected candidates from the applications we receive must complete SARA basic search and rescue training, as well as medical/first aid training in order to be field qualified. Candidates that are selected must attend field training which will be conducted August-November followed by medical/first aid classes in the winter. A schedule will be provided to those that attend one of these two orientations.

For more information, please contact us by email at SARAJoin@sarci.org or by mail at Southern Arizona Rescue Association, PO Box 12892, Tucson, AZ 85732-2892.

OEC CORNER

by John Gorski, john.gorski@sarci.org

The OEC refreshers for 2021 will be held on Saturday July 17th and Sunday August 15th, 2021.

We will also be using the hybrid format for the OEC refreshers. This includes: 1) OEC workbook; 2) on-line portion; and 3) hands-on portion.

The OEC 2020 Skills performance (hands-on skills) will be integrated into the OEC 2021 Cycle B refresher.

2021 OEC Refresher B Workbook -- Online and Printed Access

To save on distribution and mailing expenses during this uncertain budget year, the 2021 OEC Refresher B workbook will not be mailed out this year. It will be made available for download to all members in June. It will be posted on nsp.org > Programs > OEC. Scroll down and look for the left-hand column labelled "OEC Refresher Workbook and Forms."

We are printing a limited number of books that members can request to be mailed to them. Once the workbook is complete, there will be an easy online form to request a workbook that will be accessed in the same location as the online workbook. Watch your email for more updates; we will send a reminder and instructions once the workbook is available.

COVID-19 INDOOR TRAINING SAFETY GUIDELINES (28 Feb 21) by Amy McPherson, amy.mcpherson@sarci.org

This document presents the safety guidelines that shall be implemented for indoor training during the COVID-19 pandemic.

Before Class Health Screening:

Before being admitted to the course the following symptoms will be screened for through questioning and by taking infrared temperature:

- Fever (Temperature of 100.4 or greater) plus cough and shortness of breath/ difficulty breathing
- Chills
- Congestion or runny nose
- Muscle pain
- Sore throat
- New loss of taste or smell
- Diarrhea
- Nausea or vomiting
- Fatigue

If any of these symptoms have been experienced in the last 24 hours the student will not be admitted into the class. A check mark will be added to the roster for those that have completed this screening. We will record the temps of individuals coming in but for HIPAA reasons we will not keep the temps with the names for data purposes.

Temperatures will be taken upon arrival. If a student has a temp at 100.4 or higher and it is suspected to be environmentally caused, that student will be given 5-10 minutes to cool off under A/C either in a designated room or their

POV before temperatures are recorded again. If they come back with a temp at or higher than 100.4 that student will not be permitted to stay and will be sent home.

During Class Precautions:

The following precautions will be used during time in the classroom:

- Maintain social distancing of 6 feet or more when possible.
- Masks will always be used indoors.
- Reminders will be given to wash hands when possible and to use hand sanitizer when washing is not possible.

Hands on Scenario Precautions:

The additional precautions will be used during hands on patient scenarios:

- In addition to masks, eye protection in the form of safety glasses, sunglasses, or a face shield will be required.
- Nitrile gloves will be used and changed in between patient contacts along with proper hand washing and hand sanitizer when washing is not possible.
- Scenario teams and patients will be kept the same to limit extra exposure.

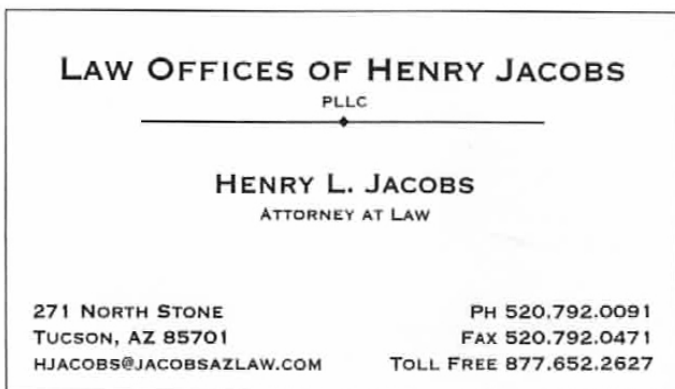

Classroom Hygiene:

- All equipment and indoor surfaces used will be cleaned and sanitized after/between use
- Tables, chairs, equipment will be sprayed down with disinfectant before/after training
- All un-need equipment and furniture will be kept separate and clean
- Medical equipment will be disinfected between patient contacts
- Instructors will thoroughly wipe down and disinfect surfaces after class
- Air vent fans will be set to “On” throughout building.

Post-Training COVID-19 Exposure or Diagnosis

- Should a student develop symptoms or receive positive COVID-19 test results within 14 days after attending training, it is recommended that they notify the Medical Chairs (SARAMedicalChairs@sarci.org) and advise of their current symptoms and/or positive test.
- Should the Medical Chairs become aware of a student reporting symptoms/positive test, the Medical Chairs will work with that student and/or Records to determine what trainings or calls that person attended in the previous 14 days.
- The Medical Chairs will contact persons who attended the same trainings as a person reporting positive symptoms/test results in the past 14 days and advise that they may have been exposed to someone with COVID-19 and should contact their doctor should they develop symptoms or have any questions. Persons will be advised of what symptoms to watch out for (above) and to get a COVID-19 test if necessary. The identity of the person reporting positive symptoms/test results will be kept confidential and will not be shared with training attendees.
- Persons who develop symptoms and/or receive a positive test should follow current isolation recommendations, as directed by ADHS. They will be permitted to attend trainings/calls once the recommended isolation period and time since last symptoms have been satisfied.

SARA MEDICAL TRAINING

by John DiMiceli, john.dimiceli@sarci.org

Below is the medical training currently being offered by the SARA Medical Committee. These trainings are open to members of all SARCI component groups. Where space is available, Caver SMEs are welcome. Members can register for the sessions by following the links provided or by emailing me directly. The sessions will be offered at the SARA House so long as current CDC, county, city, and SARA policies are able to be followed. We understand the situation is ever changing due to the COVID-19 pandemic and we will do our best to communicate cancellations or changes in the format in which the courses will be offered (limited class sizes, outdoors, online, etc). We want to do our best to make the most responsible decisions.

Cardio-Pulmonary Resuscitation (CPR): The sessions below will be offered for AHA Basic Life Support Provider certification. Participants are required to bring their own ventilation barrier device (mask or shield). The course is \$5.00 to cover the AHA fee for issuing your CPR card. This will be payable to the instructor via cash or check made out to "Southern Arizona Rescue Association".

No CPR classes are currently scheduled

Wilderness First Aid (WFA): The following session is scheduled. There are no fees or required materials for this course. Weekday sessions will be held from 18:30 - 22:00 and Weekend sessions from 08:00 - 17:00.

No WFA classes are currently scheduled

Blood Borne Pathogens (BBP): It is an AZ state requirement that all search and rescue volunteers take an OSHA BBP class once per year. Completion of the Bloodborne Pathogens class and its associated quiz constitute an annual recertification requirement for all SARCI component groups. The SARA Medical Training and Standards Committee is pleased to currently offer two options for fulfilling this requirement:

1. A live online class presented by our own George Simons on Teams, followed by an online quiz, occurring 3-4 times a year, with the next class likely occurring this spring; or
2. NEW - A self-paced online presentation, also narrated by George, at the end of which the viewer is presented with a link to complete the online quiz. This self-paced presentation is available anytime 24/7 to SARCI members at the link below:

<https://sarci.sharepoint.com/:p:/s/saramedical/ERi6plR4RjtKoLWsCNpr-h8BdM3WoXiZfJWwsJfTSOjcqw>

Simply click to advance through the slides; the narration will play automatically. The presentation is about 40-45 minutes in length. You will need to log in to Microsoft 365 with your SARCI credentials to access the presentation and the quiz. I will collect quiz results and submit them to Records for you.

Questions about the course content can be directed to George or the MTSC. For questions about the quiz, you can contact me, or if you need assistance logging in to Microsoft 365, you can contact me or saratechnology@sarci.org.

Finally, there are several online classes offered by third parties that may be acceptable for fulfilling the requirement. Please check with the MTSC and Records in advance to verify that a given external class is satisfactory for this requirement.

Naloxone Administration: Due to the nation-wide opioid crisis, the State of Arizona recommends all first responders be trained in the administration of Naloxone. SARA offers this optional training to all SARCI members free of charge. To remain current it is recommended rescuers re-take this training once every two years.

No Naloxone classes are currently scheduled

Wilderness Emergency Medical Responder (WEMR):

No WEMR classes are currently scheduled

ASHI Training

SARA has been approved to be an ASHI Training Center. We are fishing up the details now, and will soon be able to issue Basic First Aid and Advanced First Aid cards from ASHI. We will make a full announcement with all the details once we are fully operational. We will continue to teach our WFA and WEMR courses like we have been. These new certs will be an optional supplement to those who need a certification card for SARTech and other qualifications. We are looking at using these classes for PR events in the future.

If you have any questions or concerns please send them to the Medical Committee at saramedical@sarci.org

Date	Vol/Hrs/ Problem	Location	Resources
------	------------------	----------	-----------

Mission Hrs now show total portal-to-portal times (not Rdvs). Mission times now show Field IN/OUT times (not Rdvs).

Fri Apr 02 12/ 58/ 24ym **hiker stranded on rock** *East ridge, Bear Canyon, Catalinas*
 14:15 – 17:40 A hiker climbed the east ridge above the trail and became stranded while starting to descend. Teams accessed the ridge from the trailhead and from Bowes Road. A couple of belays were used to return him to the top, and all hiked out to Bowes Rd.

Mon Apr 05 7/ 25/ 2 **hikers stranded by dark** *Sycamore Basin Trail, Catalinas*
 22:20 – 00:10 Hikers stranded by dark were found above the reservoir. Refreshments were served. All hiked out to Prison Camp.

Wed Apr 07 9/ 18/ 47ym **exhausted** *Main Trail, TV Canyon, Rincons* **Sheriff1 RMFD**
 18:15 – 19:05 A male was exhausted and with medical issues at the stream. Sheriff1 hoisted him to the road.

Sun Apr 11 14/ 78/ ??ym **hiker cliffed out** *Safford Peak, Tucson Mtns* **Ranger54 Sheriff1 NPS**
 13:30 – 17:15 A hiker tried to hike down the north side of Safford Peak. When he could no longer go down or up he called for help. Helicopters had problems with winds on the lee side of the peak. While a team hiked up with gear, Ranger dropped a team high on the south side, and they were just above the hiker when Sheriff1 hoisted him, then returned to hoist the tech gear. All teams hiked down.

Thu Apr 15 12/ 19/ 25ym **and 5yf hikers lost** *Bug Spring Trail, Catalinas*
 16:55 – 17:10 Hikers said they were lost. By the time teams were starting, they made it down to the road.

Thu Apr 15 16/ 115/ ??yf **hiker ankle injury** *Pima Canyon Trail, Catalinas* **Ranger54**
 19:50 – 03:25 A hiker injured her ankle just below the saddle. Teams were heading up trail while Ranger investigated their options. Two teams were dropped on the ridge above the patient and they were able to work their way through the rocks to the scene. They planned to spend the night with Ranger returning for a short-haul. The teams were able to find a route to the ridge that the patient could handle, so Ranger returned to pick up the patient and teams. Companions hiked down trail with the initial teams.

Sun Apr 18 16/ 36/ 62yf **hiker ankle injury** *Agua Caliente Trail, Catalinas* **RMFD**
 15:45 – 17:05 Teams found an ankle injury about a mile up trail. She rode out with SAMSAR.

Sun Apr 18 15/ 55/ 3 **Canyoneers exhausted** *Sabino Canyon, Catalinas* **Sheriff1**
 No field times Canyoneers were exhausted after two days coming down canyon. They were able to climb the west ridge for hoist by Sheriff1 to the Overlook LZ.

Thu Apr 29 8/ 9/ Two 19ym **hikers lost** *Bear Canyon Trail, Catalinas* **Survey1**
 No field times Two hikers reported being off trail and lost after dark near 7 Falls. They met another group and hiked out with them.

Sat May 01 15/ 71/ 21ym **hiker ankle injury** *7 Falls, Bear Canyon, Catalinas* **Sheriff1**
 10:00 – 14:10 A hiker injured his ankle near 7 Falls. Due to his weight, Sheriff1 hoisted him to the Overlook LZ.

Sun May 02 11/ 29/ 51yf **hiker ankle injury** *Blackett's Ridge, Catalinas* **RMFD**
 08:10 – 09:05 A hiker injured an ankle while running down the Blackett's Ridge Trail. She was carried out by stokes.
