### SARCI BOARD MEETINGS

by SARNews, [sarcinewsletter@sarci.org](mailto:sarcinewsletter@sarci.org)

SARCI Board meetings are held at the SARA House at 19:30 (7:30 pm) on the third Wednesday of January, April, July, and October. During COVID-19, these meetings are being held on-line. Ask if you are interested in “attending”.

### SABINO CANYON PARKING

With the new electric trams in Sabino, we will NOT be able to leave unattended vehicles at Tram Stop 9. During hours of Canyon Crawler operation, everyone will need to park at TS-8 and be shuttled to TS-9. The ONLY vehicles at TS-9 will be IC and Ops vehicles attended with drivers so they can move as the tram passes through. SPEED LIMIT 15 MPH

### SARCI ROSTERS DURING COVID-19

by SARCI Records, [records@sarci.org](mailto:records@sarci.org)

Rosters are appropriate and requested for on-line activities, including meetings and training sessions. A simple list of names and in/out times are sufficient (send the lists to Records). Bonus points are available for anyone who adds that information to a copy of the file "SARCI\_Mission\_Response\_Log\_Data\_Entry" (use normal login):

[http://www.sarci2.org/data/SARCI\\_Mission\\_Response\\_Log\\_Data\\_Entry\\_201810.xlsx](http://www.sarci2.org/data/SARCI_Mission_Response_Log_Data_Entry_201810.xlsx)

### SARCI MEDICAL TRAINING

“When does my CPR expire?”

“How do I get in touch with another member in the group?”

Questions about how to use all these capabilities - and more - in ERM? Please don't hesitate to contact Brooke Fawcett! (Just open your ERM app, click Contacts, and type in her name.)

### EMERGENCY RESPONSE MANAGER PHOTOS

**BOARD OF DIRECTORS – COVID-19 DIRECTIVES – June 17, 2021***by Joe Barr, [SARAscretary@sarci.org](mailto:SARAscretary@sarci.org)*

On March 20<sup>th</sup> 2020 the board directed that SARA suspend all activities except missions. And on May 15<sup>th</sup> 2020 the board continued the suspension of indoor activities not related to missions. Although vaccinations are now widely available COVID-19 still presents a substantial risk and the consequences of infection can be devastating. The need to avoid exposure of rescue personnel and equipment to COVID-19 remains a concern.

The Board directs that all indoor SARA activities be conducted in accordance with Southern Arizona Rescue Assn **Indoor Training Safety Guidelines dated 06/28/2021** (*included below*), as may be updated and published by MTSC (Medical Training and Standards Committee) from time to time. Indoor activities within the SARA facility involving more than fifteen (15) individuals and not related to missions (trainings, meetings, etc.) continue to be suspended until further notice. Outdoor training and activities may continue with a careful adherence to CDC guidelines for mitigating the spread of COVID-19.

We as an organization must protect our members (teammates), our equipment, the public we serve and all those we contact. The Board expects all participants in any organized SARA activity to use a mask where appropriate, adhere to social distancing recommendations, frequently disinfect equipment, and frequently wash/sanitize hands. Unvaccinated individuals are expected to wear a mask where social distancing cannot be maintained. No member may attend any SARA activity if they have any symptoms of COVID-19. This can include fever, chills, cough, shortness of breath, sore throat, headache, body aches, or loss of taste or smell. If a member develops any symptoms, he or she may not return to training or calls until at least 10 days after the onset of symptoms AND at least 3 days (72 hrs.) without fever (without the use of fever-reducing medications) and an overall reduction in symptom severity.

The Board will continue to monitor developments and review this directive at least monthly. Exceptions to this policy will be subject to MTSC approval.

**RESPONSES DURING COVID TIMES***by Sean Fawcett, [Sean.Fawcett@sarci.org](mailto:Sean.Fawcett@sarci.org)*

During this time of COVID-19 and social distancing, there is a modification to the standard response to a request for a mission. While typically when a request for a mission is put out, we allow all members who respond to attend the mission, some items will change now that we are in COVID time.

For missions that do not require a large number of responders, the deputy requesting the alert will work with the SARA member putting out the page to come to a number that is reasonable for the mission. For example the search at Pima Canyon the other night would probably been limited to 3 field people and an Ops vehicle. It is understood that not all missions have the required info up front to determine the number of responders needed.

In the case where additional resources are needed, a page requesting additional assistance will be put out. If the request is for 3 people, the desire is not to have the first 3 people that respond, but that the responses be the first 3 that are in close location to the rendezvous.

If no number is specified in the alert, it is assumed to be a normal call for any available resources.

Before responding, you can check the list of responders to see how many people have already responded.

## **SARA MEDICAL TRAINING**

by John DiMiceli, [john.dimiceli@sarci.org](mailto:john.dimiceli@sarci.org)

Below is the medical training currently being offered by the SARA Medical Committee. These trainings are open to members of all SARCI component groups. Where space is available, Caver SMEs are welcome. Members can register for the sessions by following the links provided or by emailing me directly. The sessions will be offered at the SARA House so long as current CDC, county, city, and SARA policies are able to be followed. We understand the situation is ever changing due to the COVID-19 pandemic and we will do our best to communicate cancellations or changes in the format in which the courses will be offered (limited class sizes, outdoors, online, etc). We want to do our best to make the most responsible decisions.

**Cardio-Pulmonary Resuscitation (CPR):** The sessions below will be offered for AHA Basic Life Support Provider certification. Participants are required to bring their own ventilation barrier device (mask or shield). The course is \$5.00 to cover the AHA fee for issuing your CPR card. This will be payable to the instructor via cash or check made out to "Southern Arizona Rescue Association".

*No CPR classes are currently scheduled*

**Wilderness First Aid (WFA):** The following session is scheduled. There are no fees or required materials for this course. Weekday sessions will be held from 18:30 - 22:00 and Weekend sessions from 08:00 - 17:00.

*No WFA classes are currently scheduled*

**Blood Borne Pathogens (BBP):** It is an AZ state requirement that all search and rescue volunteers take an OSHA BBP class once per year. Completion of the Bloodborne Pathogens class and its associated quiz constitute an annual recertification requirement for all SARCI component groups. The SARA Medical Training and Standards Committee is pleased to currently offer two options for fulfilling this requirement:

1. A live online class presented by our own George Simons on Teams, followed by an online quiz, occurring 3-4 times a year, with the next class likely occurring this spring; or
2. NEW - A self-paced online presentation, also narrated by George, at the end of which the viewer is presented with a link to complete the online quiz. This self-paced presentation is available anytime 24/7 to SARCI members at the link below:

<https://sarci.sharepoint.com/:p:/s/saramedical/ERi6plR4RjtKoLWsCNpr-h8BdM3WoXiZfJWwsJfTSOjcqw>

Simply click to advance through the slides; the narration will play automatically. The presentation is about 40-45 minutes in length. You will need to log in to Microsoft 365 with your SARCI credentials to access the presentation and the quiz. I will collect quiz results and submit them to Records for you.

Questions about the course content can be directed to George or the MTSC. For questions about the quiz, you can contact me, or if you need assistance logging in to Microsoft 365, you can contact me or [saratechnology@sarci.org](mailto:saratechnology@sarci.org).

Finally, there are several online classes offered by third parties that may be acceptable for fulfilling the requirement. Please check with the MTSC and Records in advance to verify that a given external class is satisfactory for this requirement.

**Naloxone Administration:** Due to the nation-wide opioid crisis, the State of Arizona recommends all first responders be trained in the administration of Naloxone. SARA offers this optional training to all SARCI members free of charge. To remain current it is recommended rescuers re-take this training once every two years.

*No Naloxone classes are currently scheduled*

**Wilderness Emergency Medical Responder (WEMR):**

*No WEMR classes are currently scheduled*

## **ASHI Training**

SARA has been approved to be an ASHI Training Center. We are fishing up the details now, and will soon be able to issue Basic First Aid and Advanced First Aid cards from ASHI. We will make a full announcement with all the details once we are fully operational. We will continue to teach our WFA and WEMR courses like we have been. These new certs will be an optional supplement to those who need a certification card for SARTech and other qualifications. We are looking at using these classes for PR events in the future.

If you have any questions or concerns please send them to the Medical Committee at [saramedical@sarci.org](mailto:saramedical@sarci.org)
