SEARCH AND RESCUE COUNCIL

<http://www.sarci.org>

SARCI BOARD MEETINGS

by SARNews, sarcinewsletter@sarci.org

SARCI Board meetings are held at the SARA House at 19:30 (7:30 pm) on the third Wednesday of January, April, July, and October. These meetings are being held in-person and on-line. Ask if you are interested in attending.

SABINO CANYON PARKING

With the new electric trams in Sabino, we will NOT be able to leave unattended vehicles at Tram Stop 9. During hours of Canyon Crawler operation, everyone will need to park at TS-8 and be shuttled to TS-9. The ONLY vehicles at TS-9 will be IC and Ops vehicles attended with drivers so they can move as the tram passes through. SPEED LIMIT 15 MPH

SARCI ROSTERS

by SARCI Records, records@sarci.org

Rosters are appropriate and requested for on-line activities, including meetings and training sessions. A simple list of names and in/out times are sufficient (send the lists to Records). Bonus points are available for anyone who adds that information to a copy of the file "SARCI_Mission_Response_Log_Data_Entry" (use normal login):

http://www.sarci2.org/data/SARCI_Mission_Response_Log_Data_Entry_201810.xlsx

EMERGENCY RESPONSE MANAGER HELP

by Brooke Fawcett, Brooke.Fawcett@sarci.org

Questions about how to use all these capabilities - and more - in ERM? Please don't hesitate to contact **Brooke Fawcett!** (Just open your ERM app, click Contacts, and type in her name.)

With the monsoon season here, note that there is a link in ERM to see stream flow and rain fall data for Pima County: open ERM>Links and then click on "Pima County Rain Gauges and CFS Data" (there is now a gauge high in Finger Rock) Also, there is a weather radar overlay you can turn on for the map in ERM: select the layer button in the upper left corner, then turn on the Weather Overlay and return to the map. This will show active storm cells.

PIMA CO. SEARCH & RECOVERY DIVERS

by John Longhofer, divers@sarci.org

DIVERS CALENDAR

<u>Nov 13</u>	<u>09:00 Sun</u>	Annual Meeting, Elections, Dry Training	SARA House, 5990 N Sabino Canyon Rd
<u>Dec 11</u>	<u>09:00 Sun</u>	Dry Training & Equip Maintenance	SARA House, 5990 N Sabino Canyon Rd
<u>Jan 08</u>	<u>09:00 Sun</u>	CPR, DAN O₂ Provider, Dry Session	SARA House, 5990 N Sabino Canyon Rd

For October, we conducted our review of basic search patterns and communications in open water and in low viz conditions at Lakeside Park.

In November we hold our annual meeting, elections of officers and pot luck. December commences our annual training cycle with annual Altitude Tables review, equipment inspection and maintenance. Both will be at the SARA House. We encourage all to complete the online Blood Borne Pathogens course which is due by the December 11 meeting. Use this link to find: https://sarci.sharepoint.com/:p:/s/saramedical/EYUUZTXhThlCtkMqy_Fk4UIBkML6KYS0ptCIJshpuS7Wwg

In January, we will conduct our annual CPR, DAN O₂ Provider and equipment maintenance and dry training skills.

SOUTHERN AZ MOUNTED SEARCH AND RESCUE

by Colleen Leon, colleen.leon@sarci.org

SAMSAR CALENDAR

<u>Nov 15</u>	<u>18:00 Tue</u>	Board and General Meeting	Forty Niner Country Club, 12000 E. Tanque Verde
---------------	------------------	----------------------------------	---

New candidates are coming along. Good people, good horses. Sunday rides set up for team to familiarize with horses and trails. Lots of injuries, surgeries, and waiting for members to come back to Tucson. SAMSAR really enjoys assisting SARA. Good bunch of candidates!

See you on the trail!

SOUTHWEST RESCUE DOGS, INC.

by Karen Paquette, karen.paquette@sarci.org

SRDI CALENDAR

<u>Nov 02</u>	<u>18:30 Wed</u>	Monthly Meeting	On-line TEAMS
<u>Nov 05</u>	<u>09:00 Wed</u>	Training	TBD
<u>Nov 16</u>	<u>18:30 Wed</u>	Training	Ft Lowell Park
<u>Nov 27</u>	<u>06:00 Sun</u>	Training	Rail X Ranch

We are going to be quite busy in 2023. Neil Day (from Montana) has been invited to present an air scent workshop in Pima County. Neil was our air scent instructor for this year's AZK9SARCON and quite a few AZ handlers requested that he return. In addition to Neil's air scent workshop, we will coordinate/facilitate an opportunity for AZ's HRD handlers to set training problems for each other. We are all looking forward to getting together again, training together, and getting to know each other a little bit more.

Ann Christensen is returning to Tucson in February for two weekends of training with handlers from AZ and neighboring states. This will be her 5th year to train in our area!

SARCI members are welcome to join us for training at any time. If you are interested in attending, please email us at K9@sarci.org, or Karen.Paquette@sarci.org, or call Karen Paquette (275-2074). SRDI's monthly meeting is the first Wednesday of each month via Teams online meeting format.

UPCOMING EVENTS:

FACTS Level 1	Nov 4-6, 2022	San Marcos, TX
Air Scent Workshop	Jan 6-8, 2023	Tucson, AZ
Ann Christensen HRD Workshop	Feb 2023	Tucson, AZ
FACTS Level 2	Mar 2023	San Marcoc, TX

NEOTOMA COMPOSITE SQUADRON, C.A.P.

by LtCol Robert McCord, cap@sarci.org

CAP SQUADRON CALENDAR

<u>Sundays</u>	<u>15:30-18:00</u>	Golder Ranch Fire Station #380	1175 W. Magee Road, Tucson, AZ 85704
----------------	--------------------	---------------------------------------	--------------------------------------

The Civil Air Patrol's Neotoma Squadron actively participates in ongoing search and rescue missions and training exercises at the state, local and national levels. We welcome new members to join the more than 70 members of the nationally recognized emergency services Arizona Wing Ground Team.

Membership: Robert McCord, cap@sarci.org

Nov 04	19:30 Fri	SARA General Meeting	SARA House, Hybrid
Nov 05	08:00 Sat	Monthly Training: Search Planning	SARA House
Nov 09	18:00 Wed	Technical Training	PCSD Tower: 10001 S Rita Rd
Nov 17	19:00 Wed	SARA Board	SARA House, Hybrid
Dec 02	19:30 Fri	SARA General Meeting	SARA House, Hybrid

SABINO OVERFLOW PARKING LOT OPENS FOR WINTER

by SARC Records, records@sarci.org

The Sabino Gate will be open from 06:00 to 19:00 daily, beginning Saturday October 15.

BOARD OF DIRECTORS – COVID-19 DIRECTIVES

by Joe Barr, SARAscretary@sarci.org

Please be advised that the SARA Board has elected to remove SARA COVID restrictions and follow CDC guidelines.

The current CDC guidelines are at: <https://www.cdc.gov/coronavirus/2019-ncov/your-health/covid-by-county.html>

COVID AND FLU

by George Simons, george.simons@sarci.org

A reminder and heads up to all members. Influenza is rapidly ramping up in our community. Nicola and I are seeing many, many patients with the flu right now, and they are miserable. There is still time for you to get a flu shot if you have avoided it to this point. COVID is also starting to rear its head again, and both of us have had some of our colleagues become infected (even those who are immunized). Being immunized for COVID will most likely keep your illness mild, but who wants to roll that dice?

Coming down with flu or COVID will take you out of things for a while. Be on your guard. I strongly suggest wearing a mask when you are around others and cannot social distance. It will decrease your chances of catching the flu or COVID. KN95 or N95 are recommended.

Good luck, and be careful out there. Any questions, let me know.

OEC CORNER

by Mona Johnson, mona.johnson@sarci.org

Both of the 2022 OEC Refresher Cycle C Skills Sessions were well attended and complete.

We have two individuals who were not able to attend due to medical reasons, so we will do a make-up refresher within the next two - three months. If you did not attend either refresher and would like to be included in this refresher, please let me know.

We are also looking at providing an Outdoor Emergency Care Technician Course, open to all SARCI Members, in the Spring of 2023. This training will provide an Outdoor Emergency Care Technician Certification for those successfully completing the course. If you are interested in taking, or have questions about this course, please let me know.

SARA INCIDENT MANAGEMENT TEAM

by SARA IMT, IMT@sarci.org

The Incident Management Team (IMT) provides fundamental support to search missions through the compilation of dispatch data, continuous record updates through the Initial Response Organizer (IRO) software program, and production of missing person flyers. The team is also instrumental in data-logging clues, analyzing data from dispatch and ground/air teams, developing, and updating search plans, and creating and maintaining maps in SARTopo for search missions. The group provides support before, during, and after a search mission, and some of this support can be achieved virtually.

As we all know, no one of us can always be present on a callout, virtually or otherwise. We welcome anyone interested to listen in on our Teams meetings or join us at the SARA House on the second Tues. of each month, (6PM/18:00), and to participate in our practice sessions, many of which are virtual, and case-based. We also host trainings for the various pieces of software that the team uses such as IRO, SARTopo, and WinCasie3, another integral software application used by the IMT group to support search missions.

A flyer for an Initial Response Incident Commander (IRIC) class is included in this issue. SARCI volunteers are becoming a valuable search planning resource, for which we need many people with the skills found in this class, and quite a few slots are available. Anyone interested please contact IMT@sarci.org for more information.

NOVEMBER MONTHLY TRAINING: SEARCH PLANNING

by SARA IMT, IMT@sarci.org

The monthly training for November will be on search planning and management. **It will be held at the SARA House on Saturday, November 5, 0800-1300.** SARA's Incident Management Team (IMT) will lead the training, and it will include an overview of route and location searches, area searches, and some of the tools used in search management. Additional topics include lost person behavior and an overview of the use of sUAS in searches. This is an opportunity to learn about the tools and techniques that go into the planning of more extensive searches. Please register [here](#).

SARA TRAINING SCHEDULE

by John Di Miceli, john.dimiceli@sarci.org

Below you will find the upcoming training and events happening over the next three months. Additional updates will be sent out as more details are known. Note that there are several opportunities for specific orange card sign-offs.

SALT activities can be found on the SARCI master calendar below. Contact Justin Peterson, justin.peterson@sarci.org, or Brent Olivas, brent.olivas@sarci.org, to find out how to get involved with training our 2022 recruits!

If you are a 2022 SALT recruit, welcome to the team! These messages are sent out monthly to inform the membership of upcoming training opportunities. You will need to complete AZ Basic SAR before attending training outside of the SALT curriculum. Your attendance is then at the discretion of the lead instructor. Once you have completed SALT, you are welcome to attend any of the trainings. Feel free to sign up for trainings after your graduation date, but contact the lead instructor listed below for trainings prior to that date.

November Monthly Meeting Technical Rigging Signoffs

- Friday, November 4, 18:30 to 19:30 @ [SARA House](#) before monthly general meeting
- Contact: sarah.truebe@sarci.org
- No sign-up necessary

November Monthly Training: Introduction to Search Management

- Saturday, November 5, 08:00 = 13:00 @ [SARA House](#)
- Contact: chris.yamanaka@sarci.org
- Sign-up: [here](#)

Technical Training: Tower Session

- Wednesday, November 9, 18:00 to 22:00 @ PCSD Training Tower
- Contact: sarah.truebe@sarci.org
- Sign-up: <https://forms.office.com/r/M47jqDXCb7>

SALT OVERNIGHT

by Justin Peterson, justin.peterson@sarci.org

Join me in congratulating the 2023 SALT Class for completing their Overnight Training. They all did exceptionally well and worked very hard, diving into a generously-sized search exercise (for some rather rambunctious subjects), field use of ERM, topographic navigation, personal shelter-building, and covering roughly ten miles of trail through a not-too-cold, briefly lightning-lit, only occasionally rainy, but still perpetually damp night.

I also want to express sincere gratitude to everyone who contributed to this training through field work, Operations, transportation, teammate support, and food. Huge thanks to Christine Hoekenga, Eric Hamer, Jessica Houghton, Meghann Vance, Nick Marrone, Scott Abram, Sean Fawcett, and Spencer Graves for your leadership in overseeing the student teams and performing as search subjects, and to Bill Florence, Brent Olivas, Bridget Vergara, Colleen Leon, Dale Mann, Debi Mitchell, George Herget, Granny Grant, Henry Jacobs, Jen Dempsey, Joe Barr, Joy Florence, Larry Wilken, Manny Montañó, Mike Massimi, and Nic Jones for the invaluable support and service you provided to help make this training the success it was.

TOUR of the WHITE MOUNTAINS

by Cathy Wasmann, cathy.wasmann@sarci.org

Twelve SARA members provided medical support for the 2022 edition of the Tour of the White Mountains (TWM) held October 1 in Pinetop-Lakeside. Timekeeping for this event was also provided by a SARA Member. Fourteen riders and three members of the public were treated. This is nearly double the number of patients cared for in 2021.

One seriously injured rider was transported from the course by ground ambulance to Summit Healthcare in Show Low. The first medical responder on scene for this rider was SARA's Medical Director, Dr. Nicola Baker, who was riding in the same event.

Thanks to all who helped to provide medical support for the 2022 TWM. A special thanks to Joe Barr who provided camping, indoor accommodations, dinner Friday night, and Saturday breakfast.

The next event is the 2023 edition of the 24 Hours in the Old Pueblo (24 HOP) February 17-19. The 24 HOP is a 24-hour relay race on a closed 16.2-mile course. If you want to practice your medical skills in a real-world environment, the 24 HOP is for you. More information about the 24 HOP will be coming as we near the event.

MEMBERSHIP COMMITTEE UPDATES

by Jason Schlueter, jason.schlueter@sarci.org

MEMBERSHIP

Congratulations to Bryden Cais on his promotion to rescuer. Bryden was part of the 2021 class. He has put in many field hours in his time with SARA and we are happy to have another field-qualified orange shirt in the mix.

VERTICAL MILE 2022

SARA hosted the first vertical mile challenge since 2009 on October 29. A ton of people decided to take the challenge and many were able to help support the challengers. We had wonderful weather. I want to give a super huge thank you to the support crew who supplied our exhausted and hungry hikers with food up at Showers Point, shuttles back to the SARA house, and Sean for getting it organized. This year's challenge winner is Bryden Cais! Followed by Jason Schlueter and Eric Hamer. The challenge was to have 20% of your own body weight in your pack at the end of the hike. Brooke was there with a scale to make sure we were properly scrutinized.

Thanks also (those not yet mentioned in the order of roster sign-in): Larry, Parker, Bridget, Pam, Christine, Michael, Nick, Rachelle, Bryan, Bill, Manny, Tony, Rich, Drew, Nic, Joe. Some with special guests/spouses and some didn't sign in. THANK YOU!!!

Check out the photo gallery here: <http://fawcetts.us/SARA/Training/2022/VerticalMile/gallery.htm>

FINAL NOTE

If you have questions about credentials, activities, or need help with your Microsoft 365 credentials, please email records@sarci.org.

TECHNICIANS

by Sarah Trube, sarah.trube@sarci.org

The deadline to apply to become a Technician and start work on the Technician level task book is January 1, 2023. As of 2022, the Technicians accept yellow shirts with substantial technical rope experience to become a part of the Technician team. If you are a yellow shirt without substantial pre-SARA rope experience and are interested in becoming a Technician, you can attend any Technical training and practice any of the taskbook skills before applying as an orange shirt. Either way, you're all welcome to come "hang out" with us!

The application to become a Technician is available on the SARA Documents page online.

Any questions, please contact Sarah and Justin: sarah.truebe@sarci.org, justin.peterson@sarci.org

SEARCH AND RESCUE AWARENESS LEVEL TRAINING (SALT)

2022 Dates

<i>Saturday, August 27, 8:00 am – 4:30 pm</i>	AZ BASIC SAR	
SARCI orientation		Search
Introduction to SAR		Outdoor search exercises
Basics of search		
<i>Sunday, August 28, 8:00 am - 4:30 pm</i>	AZ BASIC SAR	
Tracking		Safety and hazards
Outdoor tracking exercise		Wilderness survival
Personal protective equipment (PPE)		Risk management
SARA rescue packs		
<i>Sunday, September 11, 8:00 am - 4:30 pm</i>	AZ BASIC SAR	
Communications		
Land navigation		
Outdoor land nav/comm exercise (AZ Basic SAR wrap up)		
Response App introduction		
<i>Tuesday, September 13, 6:00 pm – 10:00 pm</i>		
Knots, anchors, Stokes tie-in		
<i>Thursday, September 15, 6:00 pm - 10:00 pm</i>		
Technical awareness training		
<i>Tuesday, September 20, 6:00 pm - 10:00 pm</i>		
Technical systems hands-on		
<i>Thursday, September 22, 6:00 pm - 10:00 pm</i>		
Optional practice		
<i>Saturday, September 24, 8:00 am - 4:30 pm</i>		
Technical systems Awareness field exercise		
<i>Saturday, October 08, 8:00 am - 4:30 pm</i>		
Truck and equipment training, PCS D NIMS		
<i>Tuesday, October 11, 6:00 pm - 10:00 pm</i>		
Helicopter awareness (DPS Hanger) (<i>moved to October 04</i>)		
<i>Thursday, October 13, 6:00 pm - 10:00 pm</i>		
CPR Pro Class (only required for those with no certification)		
<i>Saturday - Sunday, October 15-16, 8:00 pm Saturday – 8:00 am Sunday</i>		
Night search and overnight		
<i>Tuesday, October 18, 6:00 pm - 10:00 pm</i>		
Wilderness First Aid (WFA)		
<i>Thursday, October 20, 6:00 pm - 10:00 pm</i>		
Wilderness First Aid		
<i>Saturday, October 22, 8:00 am - 4:30 pm</i>		
Wilderness First Aid field day		
<i>Tuesday, November 08, 6:00 pm - 10:00 pm [Election Day]</i>		
Technical and medical skills (practice)		
<i>Thursday, November 10, 6:00 pm - 10:00 pm</i>		
Technical and medical skills (practice)		
<i>Saturday, November 12, 8:00 am - 4:30 pm</i>		
Individual skills evaluation, responding to SARA callouts		
<i>Sunday, November 13, 12:00 pm - 3:00 pm</i>		
SALT potluck and graduation		

WEMR course will follow in the spring of 2023, dates TBD.

This document presents the safety guidelines that shall be implemented for indoor training during the COVID-19 pandemic.

Before Class Health Screening:

If you have any of the following conditions please consider not attending the event:

- Fever (Temperature of 100.4 or greater) plus cough and shortness of breath/ difficulty breathing
- Chills
- Congestion or runny nose
- Muscle pain
- Sore throat
- New loss of taste or smell
- Diarrhea
- Nausea or vomiting
- Fatigue

During Class Precautions:

The following precautions will be used during time in the classroom:

- Maintain social distancing of 6 feet or more when possible
- Genuine N95 or KN95 masks shall be worn
- Reminders will be given to wash or sanitize hands

Mask Care:

- Replace when soiled, wet, or damaged
- When not in use, store/dry in paper bag

Hands on Scenario Precautions:

- Masks and eye protection will be required
- Nitrile gloves will be used and changed in between patient contacts

Classroom Hygiene:

- All equipment and indoor surfaces used will be cleaned and sanitized after/between use
- Tables, chairs, equipment will be sprayed down with disinfectant before/after training
- All unneeded equipment and furniture will be kept separate and clean
- Medical equipment will be disinfected between patient contacts
- Instructors will thoroughly wipe down and disinfect surfaces after class
- During indoor meetings or trainings air vent fans will be set to “On” throughout the building.

Post-Training COVID-19 Exposure or Diagnosis

- Should a student develop symptoms or receive positive COVID-19 test results within 14 days after attending training, it is recommended that they notify the Medical Chairs (SARAMedicalChairs@sarci.org) and advise of their current symptoms and/or positive test.
- Should the Medical Chairs become aware of a student with symptoms/positive test, the Medical Chairs will work with that student and/or Records to determine what trainings or calls that person attended in the previous 14 days.
- The Medical Chairs will contact persons who attended the same trainings as a person reporting positive symptoms/test results in the past 14 days and advise that they may have been exposed to someone with COVID-19 and should contact their doctor should they develop symptoms or have any questions. Persons will be advised of what symptoms to watch out for (above) and to get a COVID-19 test if necessary. The identity of the person reporting positive symptoms/test results will be kept confidential and will not be shared with training attendees.
- Persons who develop symptoms and/or receive a positive test should follow current isolation recommendations, as directed by ADHS. They will be permitted to attend trainings/calls once the recommended isolation period and time since last symptoms have been satisfied.

MEDICAL FIRST CARE FORM

by George Simons, george.simons@sarci.org

This form is provided by the Sheriff's department and should be completed on all medical calls. I would encourage its use on other calls, such as searches, to document the condition of our victim even if uninjured and in no distress. One can find fault with any first care form. I'm sure some of you can find things to improve on this one, but take a deep breath and just go with what we have.

The good thing about this form is that it is easy to fill out. The headings are self-explanatory (I have always been told to never say that, but I think it is true here.). Become familiar with the form. You do not have to carry one and fill it out at the scene. You can take notes and fill the form out after the call. They are kept in all of the trucks.

Keep in mind your chart is a snapshot of the encounter and serial exams/vital signs. It is impossible to document every second of the time spent with the patient short of taking a video of the entire time we are with them.

Important things to document (other than everything, of course) include a brief history of the current problem, past medical history, current medications, and allergies. I avoid open ended questions here. I ask about specific conditions. Do you have heart problems, diabetes, lung problems? Do you take a blood thinner? Etc., etc. Then a primary survey, the form has a nice outline of what needs attention. The secondary survey part of the form is also a good outline of what to address. It works best if one person does the exam and reexams of the patient, and a separate person acts as scribe. The second person can also hand dressings, etc. to the person who actually has hands on the patient. This makes sure someone with uncontaminated hands is digging in the med kit.

In the face of a complicated trauma patient, take a deep breath and take your own pulse. Don't worry about missing a small laceration here and there, or that sprained finger. The "can't miss" items include vital signs (repeat at appropriate intervals depending on situation) and continuous monitoring of the primary survey headings (A, B, C, D, E).

When you turn the patient over to another provider, higher level of care, ambulance, helicopter crew, etc., it is VERY, VERY important that you note the time of the handoff, and a brief note about the patient's condition at that time. For example, If the patient shows up at the hospital and is noted to be unable to move their legs, everyone is going to want to know when that happened and fingers will be pointed at all the caregivers. If your note shows the patient was neurologically intact and moving all extremities at the time of handoff, you are protected.

There are places on the back of the first page of the form for obtaining consent for treatment and refusal. Verbal with a witness is okay if the circumstances do not allow for signatures, or if you do not have the form in hand. Refusals can be tricky. The person with the highest medical certification should be involved in this, and law enforcement may need to step in. For example, we can't leave an intoxicated person with an open leg fracture in the bottom of Tanque Verde Canyon, no matter how adamantly they refuse or threaten us. The standard of care is what would a reasonable person do in the same circumstances. Remember, you or one of the deputies can always confer with medical control (and should in these cases). You will get in trouble for not taking care of someone. You will not get in trouble for taking care of someone.

Completed forms may be given to a truck driver, or you can slide it under the locked door of the medical storeroom. Remember this is part of the patient's medical record and must be protected.

The form is shown on the next page. Questions? Let me know.

TRAINING ANNOUNCEMENT

Arizona Inland Search Management Course
40 hours, AZ POST approved CE

November 14-18, 2022
0730-1700 each day

Casa Grande Police Department
373 E. Val Vista Blvd.
Casa Grande, AZ 85122

COURSE FEE OF \$150.00 PER STUDENT IS PAYABLE TO ASARCA BY THE FIRST DAY OF THE COURSE

Class size is limited to 24 students. Preference will be given to AZ SAR Coordinators. Completion of IRIC course is a pre-requisite. It is recommended that students complete ICS-300 Intermediate ICS prior to taking the course.

Registration: <https://www.rsvpbook.com/aismfall2022> password: 22aism

Course Requirements:

- Completion of IRIC course
- Students must receive a color printed copy or pdf on an e-reader (laptop, iPad, etc) of the AZ ISM Manual (latest version) from their SAR Coordinator or as a download at www.arizonasar.org/publications
- Students must have read and digested Chapters 1-7 before the course starts.
- Computer literacy as described in <https://www.digitalliteracyassessment.org/assessment-info> or https://assets.digitalliteracyassessment.org/static/main_website/docs/NDL-standards-current.f32455e51c85.pdf
- Students must have a Windows laptop computer with
 - Charger
 - Power strip
 - Extension cord
 - Latest versions of IRO, WinCASIE III, ICS-SAR, SAR T-Cards, Comm Manager, and Clue Manager installed and running (all software available for free download from www.arizonasar.org/software)
- Thumb drive labeled with student's name.
- Students must not be on-call during the 5 days/nights of the course
- Students must secure lodging that is within 30 minutes drive time of the course location.
- The student's agency is responsible for lodging and per diem costs.
- The class starts a 0730 sharp each day so students should arrive by 0715.

CALLOUT REVIEWSby Mykle Raymond, [SARCInewsletter @ sarci.org](mailto:SARCInewsletter@sarci.org)

Date	Vol/Hrs/ Problem	Location	Resources
------	------------------	----------	-----------

Mission Hrs now show total portal-to-portal times (not Rdvs). Mission times now show Field IN/OUT times (not Rdvs).

Wed Oct 05 4/ 20/ 23yf Walkaway**Picture Rocks****EvoII Mavic2**

No field times A mentally handicapped woman was missing from her residence in Picture Rocks. This was more of a detective case with SAR Officers assisting. Drones were requested to document the neighborhood. She is still missing. A section of State Land is nearby, and the UAS team flew portions of this area for training over the following days.

Mon Oct 17 10/ 23/ 30ym ankle injury**Tanque Verde Canyon, Rincons****RMFD**

16:40 – 17:30 A male slipped on wet rock and injured his ankle. His companion called for help and escorted teams. Meanwhile he was scooting on his bottom and was met at the base of the Main Trail. He was lightweight, so the stokes carry to the trailhead was quick.

Wed Oct 19 9/ 10/ 26yf injured**Redington Road, Catalinas****RMFD**

18:55 – 19:00 An impaired female was reported to be in the area of the Lower Tanque Verde Canyon parking lot (SARA trailhead). She was found north of the parking lot, unable to walk. She was carried a short distance to the road.

Sat Oct 22 14/ 97/ Hikers exhausted**Agua Caliente Canyon, Catalinas****Mavic RMFD**

10:30 – 15:20 Two hikers were crossing Agua Caliente Canyon when one became exhausted. Teams hiked up the Gnat Tank Trail and the Milagrosa Trail (about the same distance either way). The Milagrosa Teams reached the hikers, provided refreshments, and hiked out slowly due to continued illness. An additional team provided IV fluids from the Milagrosa stream crossing, then she was carried by stokes to the forest boundary. Due to the very rough trail down the hill, an egress route was scouted along the boundary to old roads to the north that provided a much easier route to vehicles. .

Sun Oct 30 20/ 113/ 26ym hiker missing**Manning Camp, Rincons****Ranger58**

11:10 – 13:35 Four hikers climbed the Italian Spring Trail to Mica. They were attempting to follow the Arizona Trail to camp at Manning Camp, but the new trail signs have local trail names but do not indicate the Arizona Trail. So they guessed the Fire Loop Trail to the east and south (longer route). One of the group fell behind. When he did not arrive at Manning Camp, they requested help. Teams covered the Arizona Trail from Redington Road and up the Italian Spring Trail. Another team was heading for the Douglas Spring Trail. Trail blocks were at the end of Tanque Verde Ridge Trail (Juniper picnic area) and starting around to the Miller Creek and Turkey Creek Trails in Happy Valley. Ranger 58 inserted three teams at the Manning Camp helipad, and as they started their assignments, they met the missing hiker at the cabin.
