SARCI BOARD MEETINGS

by SARNews, sarcinewsletter@sarci.org

SARCI Board meetings are held at the SARA House at 19:30 (7:30 pm) on the third Wednesday of January, April, July, and October. These meetings are being held in-person and on-line. Ask if you are interested in attending.

SABINO CANYON PARKING

With the new electric trams in Sabino, we will NOT be able to leave unattended vehicles at Tram Stop 9. During hours of Canyon Crawler operation, everyone will need to park at TS-8 and be shuttled to TS-9. The ONLY vehicles at TS-9 will be IC and Ops vehicles attended with drivers so they can move as the tram passes through. SPEED LIMIT 15 MPH

EMERGENCY RESPONSE MANAGER HELP

by Brooke Fawcett, Brooke.Fawcett@sarci.org

Questions about how to use all these capabilities - and more - in ERM? Please don't hesitate to contact us!

(Just open your ERM app, click Contacts, and type in "Support.")

Do you know about Mission Data? It can be found by clicking "Responses" and then you'll see the "Mission Data" button near the top of the screen. To add your own information - coords, photos, team updates, etc - click "GPS" from the home screen, and then use the "+" button to the right of "Current Position."

Please enter certifications in ERM, and send them (as usual) to Records@sarci.org.

SOUTHWEST RESCUE DOGS, INC.

by Karen Paquette, karen.paquette@sarci.org

SRDI CALENDAR

May 03 18:30 Wed **Monthly Meeting** On-line Teams

SARCI members are welcome to join us for training at any time. If you are interested in attending, please email us at K9@sarci.org, or Karen.Paquette@sarci.org, or call Karen Paquette (275-2074). SRDI's monthly meeting is the first Wednesday of each month via Teams online meeting format.

UPCOMING EVENTS:

SoCalK9 Seminar Nov 2023 Idyllwild, CA

PIMA CO. SEARCH & RECOVERY DIVERS

by John Longhofer, divers@sarci.org

DIVERS CALENDAR

June 11 09:00 Sun **Water Skills – Open Water** Black Mountain Reservoir
July 09 09:00 Sun **Water Skills – Open Water** TBD

In April, we did equipment check and worked on our underwater skills and pattern training in a confined pool environment at the Double V Scout Ranch pool.

In May, we are not holding training since several team members have other commitments.

In June, we are scheduled to return to Black Mountain Reservoir. Please keep posted for more updates.

Most important: CAP requires that divers have current Oxygen Administration cert and a current Medical Evaluation (i.e. PADI RSTC) on file. Make sure that your documents are current and have been given to Joe or Rob. If not on file, you cannot be at this training session. If you need O₂, WFA and/or CPR Certification, please contact John L. to set up training.

SOUTHERN AZ MOUNTED SEARCH AND RESCUE

by Colleen Leon, colleen.leon@sarci.org

SAMSAR CALENDAR

May 16 18:00 Tue **Board and General Meeting** Forty Niner Country Club, 12000 E. Tanque Verde

Weather is getting hot, new candidates are going out one-by-one with a couple seasoned members to ride the trails most often rescues happen on. Kim Childress recently rode with Colleen Leon and Chris's Massimi to 7 Falls / Bear Canyon on Saturday the 22nd after the weekend before two SAMSAR calls. Kim's horse was good and steady and more work needs to be done, more practice on that trail. Will be taking each candidate one-by-one out there for trail experience. When we ride we are always looking to desensitize and work through it.

See ya on the trails!

NEOTOMA COMPOSITE SQUADRON, C.A.P.

by LtCol Robert McCord, cap@sarci.org

CAP SQUADRON CALENDAR

Sundays 15:30-18:00 **Golder Ranch Fire Station #380** 1175 W. Magee Road, Tucson, AZ 85704

The Civil Air Patrol's Neotoma Squadron actively participates in ongoing search and rescue missions and training exercises at the state, local and national levels. We welcome new members to join the more than 70 members of the nationally recognized emergency services Arizona Wing Ground Team.

BOARD OF DIRECTORS – MEMBER SURVEY

by Jason Schlueter, SARApresident@scarci.org

(This is an abridged reprint from last month. With the new board selected and orientations complete, these will now be a focal point of our meetings and efforts.)

We have spent weeks digesting the results from the member survey. Thank you very much for the feedback. While the goal of the board is to attempt to address all issues, we will begin by focusing on the areas that need the most work. I would like to share our initial plan which will exist as an ongoing board agenda item.

- *Rework Mentor Program (Increased Retention)*
- *Increased Member Survey Frequency (Increased Retention/Mission Participation)*
- *Board Effectiveness (Mission Participation/Increased Retention/Quality Training)*
- *Include new members in activities and taking a leadership role (Increased Retention/Quality Training)*

This is not a comprehensive list of improvement areas from our survey. We feel that addressing these issues will positively impact many other areas. Everyone is encouraged to attend board meetings every third Thursday at 1900 for updates. A link to the Teams meeting is in the master calendar.

IT STATUS

by Jason Schlueter, jason.schlueter@scarci.org

SARCI depends on a generous donation from Microsoft to keep our email, files, and Teams at no cost. In return, they request that we maintain an active user base. Only about half of SARCI currently uses their scarci.org accounts. We are being asked to maintain an 85% active level of users to keep this free service. Please use your account! We encourage you to log in for Teams meetings or just to check your email. The forwarding of email does not count as active use. Please log in at <https://outlook.office.com> monthly.

If you have questions about credentials, activities, or need help with your Microsoft 365 credentials, please email records@scarci.org.

We have several new distribution lists. Because SARCI must adhere to Microsoft's license usage requirements, several members now are "contacts" instead of licensed users. In order to send an email to a group and reach everyone in said group, you will need to use a different distribution list. The lists are as follows:

ALLDIVERMEMBERS@SARCI.ORG
ALLSARAMEMBERS@SARCI.ORG
ALLSRDIMEMBERS@SARCI.ORG

ALLCAPMEMBERS@SARCI.ORG
ALLSAMSARMEMBERS@SARCI.ORG
ALLSARCIMEMBERS@SARCI.ORG

Please use these email distribution lists moving forward in order to contact a group.

MEMBERSHIP TOPICS

by Amy McPherson, amy.mcpherson@scarci.org

Congratulations to Eric on his promotion to Rescuer!

Congratulations to Sean Fawcett on responding to his 1,000th call!

Congratulations to our newest EMR students on passing their EMR exam and obtaining their certification!

RECRUITING – SALT 2023 ORIENTATIONS

by Amy McPherson, amy.mcpherson@scarci.org

The first Orientation will be **Tuesday June 13, 19:00 to 21:00** and the second **Thursday July 06, 19:00 to 21:00**. Please consider attending (orange shirts), and especially candidates (yellow shirts). Candidates (and new orange shirts) are the most popular people at these meetings because the new class wants to talk to the folks who most recently went through it. We also like to get a few candidates to speak about their experiences in front of the crowds of prospects.

MONTHLY TRAINING for MAY

by Justin Peterson, justin.peterson@sarci.org

The May monthly training will focus on knowledge and skills related to heat issues and summer weather rescue. Bring your full rescue pack, your yellow or orange shirt, and dress for the outdoors. To those working on orange cards, this training qualifies as an "Other" sign-off.

Saturday, May 06, 08:00 – 14:00 @ SARA House

Please register using the [Summer Skills RSVP Form](#). For any questions or concerns, contact George Simons or Justin Peterson.

PIO AND RECRUITING

We are in full force recruiting the 2023 SALT class. Trevor has put together a couple great flyers which have been posted several places around town. There is a QR code that goes to an interest form. This automates a lot of the recruiting work, thanks to Amy. Thanks to everyone for your hard work.

by Jason Schlueter, jason.schlueter@sarci.org

TECHNICAL SKILLS CALENDAR

We've developed the rope/technical training calendar for the year. We're working on getting all of these onto the Master Calendar, so please check that frequently. If you'd like to RSVP, please go to the Master Calendar link on ERM and click on the event you want to attend to find the RSVP link. More details on rendezvous locations and RSVP links will be sent closer to the dates for each event.

by Sarah Truebe, sarah.truebe@sarci.org

Still to be announced are trainings on the Clutches (replacing the MPD). For the moment, we are doing overviews and opportunities for hands-on at the monthly meetings. The tentative date by which everyone will need to be able to pass the taskbook items on the Clutch instead of the MPD is July 1, 2024.

General reminders:

Awareness signoffs are available before every monthly meeting, but no field signoffs for Operations-level are available

Operations field signoffs are available at every "personal rope skills" session at the Craycroft/River Bridge.

Anyone is allowed to come to any Technician training, even if the sign-off focus is mostly on keeping technicians current. We also will have opportunities for anyone to try some more advanced skills, even if you haven't submitted an application to the technicians yet.

Please check your FQ status and plan ahead for your recert cycle!

ACCORDING TO HISTORY – THE ONE-WHEELED STOKES

by Marvin Stafford, marvin.stafford@sarci.org

(The following is a reprint of the fifth in a series of twelve short articles that first appeared in SARNews from November 1994 (Vol 19, No. 11) through October 1995 (Vol 20, No. 10).

In the early 60's, the cadre of the Southern Arizona Rescue Association (SARA) was made up of individuals from the construction industry. They had access to tools and shops and materials, both new and used. Thus, when SARA needed a better way to travel over narrow, steep trails with a loaded Stokes basket litter, these were the individuals who fabricated the first frame that attached a motorcycle wheel to the middle of the underside of the basket. They added handles to the front and back and experimented with shoulder straps.

The first successful model was taken to a national meeting of the Mountain Rescue Association (MRA). The attendees got some hands-on experience as they wheeled each other up and down hills and between trees. They liked it. Each team went home, and, with their own resources of talent and material, came up with their own version of the One-Wheeled-Stokes. By now, all MRA teams are using what started right here in Pima County.

The original is a museum piece. It may be viewed at the Pima Air Museum as part of the Helicopter Air Rescue Display.

Watch this space for a review of SARA motor vehicles.

About the Author

While attending high school in Tucson, in Pima County, Arizona, **Marvin Stafford** got his start in Search and Rescue as a member of a Boy Scout Explorer Post which called itself a 'Search and Rescue Post'. They practiced first aid, mountaineering, and some simple technical evacuation procedures. They did not get much business as there was not a mechanism in place for volunteers to assist the Sheriff's Department with their responsibility. When a major search incident occurred, involving three fellow Boy Scouts, in November, 1958, the post played a significant role. Marvin joined the Southern Arizona Rescue Association, as soon as he was old enough, in 1960. While an undergraduate engineering student at the University of Arizona, Marvin's summer job was with the Forest Service doing fire control work in the mountains near Tucson. There, he did SAR work in a Forest Service uniform; a qualified volunteer team was not yet a reality. Marvin has served on the SARA Board of Directors and has been the Chairman for the Arizona Region of MRA.

- Responder Resilience
- Human Performance in SAR
- How to use a Mountain Guide in SAR operations
- Bites and Stings in the Desert Southwest
- Situational Awareness/Austere Communications
- Arborist Techniques in Mountain Rescue
- Incident Within an Incident
- Starting a Drone Program
- Intermediate Options: Expanding and Managing Your SAR Drone Program
- Advanced Topics: Drones in SAR
- Mental PPE: What it is, why you need it, and how you get it
- Risk Management in Avalanche SAR

You can review the conference at:

[MRA 2023 Spring Conference – Fort Tuthill County Park, Flagstaff, AZ | June 6-11, 2023 \(mraconference.org\)](https://mraconference.org)

The dates are:

PRE-CONFERENCE: JUNE 6-8, 2023

CONFERENCE: JUNE 9-11, 2023

I, Johnny B, will be attending. The SARA Board will be helping out with funding for the MRA Spring Conference in Flagstaff. Conference fees will be covered.

I have already secured a house with capacity for 11 people. (Perhaps more can stay although couches may be the best we can do.) Nine SARA rescuers have signed up. Seven have expressed interest in staying at the house. If accomodation costs were a limiting factor for anyone interested, that has been removed.

The Board wants to ensure that finances should not prevent people from attending. They know that what is learned and the contacts made are invaluable to SARA.

Sign up and let me know if you wish to attend.

Johnny B
