SARCI BOARD MEETINGS

by SARNews, sarcinewsletter@sarci.org

SARCI Board meetings are held at the SARA House at 19:30 (7:30 pm) on the third Wednesday of January, April, July, and October. These meetings are being held in-person and on-line. Ask if you are interested in attending.

SABINO CANYON PARKING

With the new electric trams in Sabino, we will NOT be able to leave unattended vehicles at Tram Stop 9. During hours of Canyon Crawler operation, everyone will need to park at TS-8 and be shuttled to TS-9. The ONLY vehicles at TS-9 will be IC and Ops vehicles attended with drivers so they can move as the tram passes through. SPEED LIMIT 15 MPH

EMERGENCY RESPONSE MANAGER HELP

by Brooke Fawcett, Brooke.Fawcett@sarci.org

Questions about how to use all these capabilities - and more - in ERM? Please don't hesitate to contact us!

(Just open your ERM app, click Contacts, and type in "Support.")

Do you know about Mission Data? It can be found by clicking "Responses" and then you'll see the "Mission Data" button near the top of the screen. To add your own information - coords, photos, team updates, etc - click "GPS" from the home screen, and then use the "+" button to the right of "Current Position."

Please enter certifications in ERM, and send them (as usual) to Records@sarci.org.

SRDI CALENDAR

<u>Sep 01-03</u>	<u>Fri-Sun</u>	Multi-County Training	Prescott, AZ
<u>Sep 06</u>	<u>18:30 Wed</u>	Monthly Meeting	OnLine Teams
<u>Sep 20</u>	<u>18:30 Wed</u>	Air Scent (AS) dynamics +	SARA House
<u>Sep 23</u>	<u>06:00 Sat</u>	Track/trail, HRD, AS	Christopher Columbus Park
<u>Oct 01</u>	<u>06:00 Sun</u>	T/T, HRD, AS	Empire Ranch
<u>Oct 04</u>	<u>18:30 Wed</u>	Monthly Meeting	OnLine Teams

Welcome to SRDI's newest members – Scooby Nielson, Karyn Pfister, and Jackie Volpe! We are delighted that you came to join us.

We are excited to join fellow AZ K9SAR handlers in Prescott for a second statewide training opportunity. This provides time to get to know each other, share training ideas, have exposure to new odor sources, and just have fun.

SRDI's Training Committee has developed an in-depth schedule to ensure our new Candidates are provided training in SRDI discipline fundamentals and Blue Card skills. Each training has three members assigned to lead that training, and each training has one or two Blue Card skills and members assigned to teach those skills. We'll monitor and adjust with the hope of developing a solid training schedule.

SRDI is participating in the 2023 Jim Click Millions for Tucson Raffle. This year's Grand Prize is a new 2023 Ford Bronco Rapter; 2nd prize, two round-trip first-class airline tickets to anywhere in the world; 3rd prize, \$5,000.00 cash. Tickets are \$25.00 each, or 4 for \$100.00. Please contact a SRDI member if you'd like to support our cause.

SARCI members are welcome to join us for training at any time. If you are interested in attending, please email K9@sarci.org, or Karen.Paquette@sarci.org, or call Karen Paquette (520-275-2074). SRDI's monthly meeting is the first Wednesday of each month via Teams online meeting format.

<u>Nov 12</u>	<u>09:00 Sun</u>	Annual Board Meeting and Elections	SARA House, 5990 N Sabino Canyon Rd

In August we did not hold any training sessions. Many team members were out of town and there were extreme heat conditions for dive ground and surface support team.

In September we plan to work on our underwater search skills and patterns at Lakeside Park.

Please watch our plan for October as training locations remain in flux.

BOARD OF DIRECTORS

by Jason Schlueter, SARApresident@sarci.org

FROM THE BOARD

As a reminder, these are the standing items that the board is discussing based on the feedback we got from our survey.

- Rework Mentor Program (Increased Retention)
- Increased Member Survey Frequency (Increased Retention/Mission Participation)
- Board Effectiveness (Mission Participation/Increased Retention/Quality Training)
- Include new members in activities and taking a leadership role (Increased Retention/Quality Training)

The mentor program re-structure has been the primary focus because the new SALT class is upon us. Topics on this list will serve as an ongoing agenda item in board meetings.

BOARD TERM LIMIT

We will soon be voting on whether to remove the two-term limit for board members, by removing the **wording in red** of the ByLaws section:

Article IV, Section 2: Number, Tenure and Qualifications of Office. The number of Directors shall be nine. Each Director shall hold office until the second annual meeting of members following their election, and until his/her successor shall have been elected and qualified. Directors must be residents of the State of Arizona and must be, or must have been at one time, Field Qualified Voting Members of the corporation. **Each Director may hold office for a maximum of two consecutive two-year terms. A minimum break of two years is required after serving four consecutive years in office as a Director.**

CLUTCH TASKBOOK

The board voted to approve the Clutch Taskbook Supplement (attached on Page 7) as part of the migration strategy away from the MPD to the Clutch. This is a new, simpler piece of hardware that the technician team has been working with. The goal is to have completely migrated from MPD to Clutch in July 2024. Please contact JustinP, RichardH, or SarahT with questions.

SAR HISTORY

Don't forget to download a copy of Butch and David's book on the history of Southern Arizona Search and Rescue. With Butch's blessing, we have a link to the free book on our main SARA web page. <https://butchfarabee.com/download.html>

SEPTEMBER MONTHLY TRAINING

by Trevor Dickerson, trevor.dickerson@sarci.org

The September monthly training will be on Land Navigation. A mandatory classroom session will take place on Wednesday, September 6, 18:00-20:30 at the SARA House, and the field exercise will be on Saturday, September 9, 07:00-13:00 (meet at 106). Please note the earlier meeting time.

This is a required Orange Card sign-off, and is only offered once per year.

The Wednesday classroom session will focus on map and compass skills and usage of the CalTopo GPS / mapping app in the context of a mission, especially a search. Please bring a quality compass and a charged cell phone.

The field exercise will apply the skills taught in the classroom and will involve navigating a course in the field. The Saturday field exercise will meet at 07:00 at 106; please bring your rescue pack.

RSVP at the following link so that we can plan teams accordingly for the field exercise:

IT STATUS

by Jason Schlueter, jason.schlueter@sarci.org

New members will no longer be offered the option of email forwarding. If you are forwarding your email now, this doesn't affect you at all. Starting with the 2023 SALT class, students will be required to access their email directly. I will be available to make sure people get their login information. This is an effort to "fix forward" our email, spam, and licensing issues exacerbated by email forwarding. For those that have MS365 accounts; thanks for continuing to use them and please, keep them active.

Remember, the email list to reach ALL members is ALLSARAMEMBERS@sarci.org.

OEC CORNER

by Mona Johnson, mona.johnson@sarci.org

The dates for the 2023 OEC Refresher Cycle A will be:

Saturday, October 21, 2023

Sunday, October 22, 2023

NSP has opened the 2023 OEC Refresher Cycle A online modules. To access the modules, follow the steps below to register and complete:

- Log into nsp.org and use your username and password
- Click on Center for Learning at the top of your screen
- Click on the Yellow Browse Catalog Button
- Click on Featured Learning
- Enroll in the Online Modules
- Navigate to the Blue Learning Center button to launch the course

As last year, you will need to complete the online refresher before signing up for the Skills Refresher. Registration for the Skills Refreshers will be open shortly.

If you have any questions, please feel free to contact me.

TECHNICAL SKILLS CALENDAR

by Sarah Truebe, sarah.truebe@sarci.org

We've developed the rope/technical training calendar for the year. We're working on getting all of these onto the Master Calendar, so please check that frequently. If you'd like to RSVP, please go to the Master Calendar link on ERM and click on the event you want to attend to find the RSVP link. More details on rendezvous locations and RSVP links will be sent closer to the dates for each event.

Still to be announced are trainings on the Clutches (replacing the MPD). For the moment, we are doing overviews and opportunities for hands-on at the monthly meetings. The tentative date by which everyone will need to be able to pass the taskbook items on the Clutch instead of the MPD is July 1, 2024.

General reminders:

Awareness signoffs are available before every monthly meeting, but no field signoffs for Operations-level are available

Operations field signoffs are available at every "personal rope skills" session at the Craycroft / Rillito Bridge.

Anyone is allowed to come to any Technician training, even if the sign-off focus is mostly on keeping technicians current. We also will have opportunities for anyone to try some more advanced skills, even if you haven't submitted an application to the technicians yet.

Please check your FQ status and plan ahead for your recert cycle!

TECHNICAL SKILLS: AWARENESS-LEVEL TASKBOOK

by Sarah Truebe, sarah.truebe@sarci.org

We have slightly simplified the Awareness-level Taskbook in advance of SALT. What we have changed as of now:

- Removal of all “redundant” anchors. The only three anchors on the Awareness sheet now are the W3P2 (Wrap-3,Pull-2), Double Loop (Wrap-2,Pull-2), and the Tensionless Anchor (in rope).
- Rewording of some items to make signoffs clearer and more efficient.
- Adding rope tailing skills.
- Changing wording to include “Descent Control Device” so that as people do the Clutch Supplement, they can also fill out their Awareness taskbook (if you’re working on a new one).

Many folks don’t like the “memorization” (Static System Safety Factor) but I would like to remind everyone that knowing especially the strengths of our soft goods is really important so we don’t overload our systems. Long-term that signoff will look different than having to name a million numbers, but due to the tight timeline before SALT and our desire to be thoughtful in what we ask every FQ person to know, we haven’t changed that yet.

This new taskbook is on the SARA Documents page online. If you are currently working on a taskbook you are welcome to transfer those signoffs to the new Awareness taskbook, but please keep your original one and submit both until we have everyone on the new taskbook.

TECHNICAL SKILLS: CLUTCH TASK BOOK SUPPLEMENT by Richard Hounshell, richard.hounshell@sarci.org

The Board has approved a Clutch Task Book Supplement that will be used to bridge the gap between the retirement of the MPD and implementation of the Clutch. The supplement can be completed without needing to complete a new task book. As with our existent task book, you can complete the supplement as either Awareness, Operations, or Technician as appropriate for your current level (or lower if desired). It is important to note that to remain field qualified, all members must complete this Clutch task book supplement by July 1, 2024. If you complete a Clutch supplement at a lower level than your current task book, on 7/1/2024 you will revert to that lower level of task book. Signoffs for the supplement will be available at all applicable technical trainings just as they are with MPD signoffs. We hope that you will work towards completing this expeditiously, so that we can begin the transition away from the MPD as soon as possible.

ACCORDING TO HISTORY

by Marvin Stafford, marvin.stafford@sarci.org

(The following is a reprint of the ninth in a series of twelve short articles that first appeared in SARNews from November 1994 (Vol 19, No. 11) through October 1995 (Vol 20, No. 10).

SARA’s Involvement in the MRA

The Southern Arizona Rescue Association (SARA) has been a member of the Mountain Rescue Association (MRA) almost from its inception. The MRA was founded at the Timberline Lodge, near Mount Hood, Oregon, in 1958. It is a national association of separate teams that do volunteer mountain rescue work, each in their own area. 1958 was the year of 'The First Search' in Southern Arizona.¹

The first member teams were from Washington, Oregon and Northern California. They established qualifications for membership and recruited additional member teams. In order to qualify, SARA, as a young team, had to recruit some additional people with the required hiking and climbing skills. As the story goes, at least two of those needed new members had indicated their intentions to join SARA but had not done so. When the time came to submit the roster to the MRA, they were out of state, hiking in the Sierra Nevada. When they got back to Tucson, they were surprised to learn they were members of both SARA and the MRA.

During the past 30 years, SARA has provided the National Chairman once, Ray Neal, hosted the fall business meeting four or five times and hosted the three-day summer conference twice. At this summer's conference in Vail, Colorado, SARA's delegates have instructions to get us 'penciled in' to be the host again in 1999 which will be 10 years after our very successful meeting in 1989.

Clutch Taskbook Supplement

To remain field qualified, all members must complete this Clutch taskbook supplement by July 1, 2024. If you complete a Clutch supplement at a lower level than your current taskbook, on 7/1/2024 you will revert to that lower level of taskbook.

Awareness

- ☐ rig Clutch
- ☐ safety test
- ☐ demonstrate proper operator hand position
- ☐ demonstrate hand position and action when “stop” is called
- ☐ demonstrate rope tailer positioning and action when “stop” is called
- ☐ tie off the Clutch

Operations

- ☐ rig Clutch
- ☐ safety test
- ☐ demonstrate proper operator hand position
- ☐ demonstrate hand position and action when “stop” is called
- ☐ demonstrate rope tailer positioning and action when “stop” is called
- ☐ tie off the Clutch
- ☐ operate Clutch on lower with a one-person load (or more)
- ☐ rig Clutch in a haul system and demonstrate Clutch handle position during a haul

Technician

- ☐ rig Clutch
- ☐ safety test
- ☐ demonstrate proper operator hand position
- ☐ demonstrate hand position and action when “stop” is called
- ☐ describe to another person what proper “rope tailing” hand position and action is when “stop” is called
- ☐ tie off the Clutch
- ☐ operate Clutch on lower with a one-person load (or more)
- ☐ rig Clutch in a haul system and demonstrate Clutch handle position during a haul
- ☐ rig Clutch in shark-fin position (remember redundant load paths – must use TWO webbing anchors but can use a single rigging plate because it passes the critical point test)
- ☐ operate Clutches in shark-fin position (requires a tailer to avoid critical point failure)
